SECTION I: GENERAL POLICIES AND PROCEDURES

Attendance Policy

Regular school attendance is essential for each student to make the most of his or her education—to benefit from teacher-supervised activities, to build each day’s learning on that of the previous day, and to grow as an individual. Absences from class may result in a serious disruption of a student’s mastery of the instructional materials; therefore, the student and parent should make every effort to avoid unnecessary absences.

Students may not miss any class more than 10 times within the school year, unless they are participating in competition beyond the district level.

Cell Phones and Other Electronic Devices

Possession of cell phones, computers, and other devices capable of electronic communications at school is a privilege, not a right. Possession and use of such devices at school or school-related events or activities shall be subject to school approval and regulations. Any such devices may be confiscated, powered on, and searched by school officials if there is a reasonable cause to believe that the devices have been used in the transmission or reception of communications prohibited by law, policy, or regulation (see p. 36 on “Electronic Devices” and “Electronic Communication Device Commitment Policy,” p. 53).

Change of Address or Telephone Number

When the address or telephone number of a student has been changed, it is the responsibility of the parent to notify the school office immediately. Proof of residency at the new address may be required.

Check Acceptance Policy

All personal checks written to the school must include the current address and phone number of the account holder. The account holder's name should also be legible and printed on the check.

In the event that a check written to the school is returned unpaid by the bank, the account holder agrees that the school may collect a return check fee of $30 plus applicable sales tax. The school may contract with a collection company in an effort to redeem returned checks. The use of a check for payment is the account holder's acknowledgement and acceptance of this policy and its terms.

Closed Campus

The school operates on the closed campus concept. Specifically, this means that students are not allowed to leave campus for any reason during the school day. This includes meal periods. Visitors to the campus must check-in at the main office of the elementary or high school campus. Parents may drop off a lunch at the main office between 11:15-11:40 AM for middle school students and between Noon and 12:30 PM for high school students. All drop-offs must be made at the main office only. Students may ONLY pick up lunch deliveries during their lunch period.

Clubs and Organizations

Participation in school-sponsored activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students; participation, however, is a privilege, not a right.

All students are encouraged to participate and take an active part in student clubs and organizations. Extracurricular activities will not be scheduled during instructional times. Fraternities, sororities or secret societies are not approved clubs/organizations and will not be permitted at the school.
Eligibility

Eligibility for participation in many of these activities is governed by state law and Interscholastic Athletics rules. To be eligible for the first semester of the school year, a student shall have earned at least six (6) units from the previous year which shall be listed on the student’s transcript, including any special education subject(s), and shall have earned at least a “C” average; to be eligible for the second semester of the school year, a student shall pass at least six (6) subjects from the first semester, including any special education subject(s).

Students must provide the following in order to participate in tryouts, practices, scrimmages, and games:

1. A valid birth certificate in order to participate in tryouts, practices, scrimmages, and games;
2. A current Medical History/Physical Exam form signed by a physician, a parent/guardian, and the student. The form must be dated less than one year from the end of the playing season.
3. An Athletic Parental Permission form.
4. A substance abuse agreement form.

A student becomes ineligible for interscholastic athletic participation if he/she has reached his/her 19th birthday before September 1 of that school year. If he/she becomes 19 on or after September 1, he/she is eligible for the remainder of the school year, if he/she meets all other eligibility rules. Evidence of legal birth date shall be established by one of the following:

1. A legal copy of a birth certificate.
3. An official notification of birth issued by the state, parish or county health unit.
4. An official passport.
5. A hospital certificate signed by a physician and/or the hospital administrator.
6. Legal adoption papers issued by a court.
7. Official records verifying proof of birth issued by the Department of Welfare.
8. Official immigration and naturalization papers issued by the United States Department of Immigration and Naturalization.

Code of Conduct

Sponsors of student clubs and organizations may establish standards of behavior—including consequences for misbehavior—that are stricter than those for students in general. If a violation is also a violation of school rules, the consequences specified by the “Student Code of Conduct” or by local policy will apply in addition to any consequences specified by the organization’s standards of behavior.

For a student to be eligible to serve as a club or organization officer, he or she must be passing in all subjects. Unsatisfactory conduct while in office and/or failure to render satisfactory service shall be considered grounds for removal from said office. Removal from office shall be at the discretion of the staff sponsor of the club or organization with the approval of the Executive Director.

New Clubs or Organizations

Students desiring to form a new club or organization shall submit a written request to the Executive Director at the school office, containing the following mandatory elements:

1. a statement of the club’s or organization’s purposes, goals, and activities;
2. signatures of a minimum of 10 students who wish to participate in the club or organization;
3. if participation in the club or organization is not required for a particular course or does not result in academic credit, written parental permission of each student signatory to participate in the club or organization;
4. written agreement of a teacher who has agreed to serve as the staff sponsor for the club or organization;
5. a description of any funding or other assistance received from, or affiliation with, any nonstudent groups; and
6. a schedule of its proposed meeting times.
As previously mentioned, fraternities, sororities or secret societies are not approved clubs/organizations and will not be permitted at the school.

**Fundraising**

The Executive Director must approve any plan or activity used by a club or organization for making money. Only activities that raise money through payment of admissions or where value is received for money paid may be conducted. No advertising will be sold without the approval of the Executive Director.

**Meetings**

Only school-recognized student clubs and organizations are permitted to meet on school property during non-instructional time.

**Yearbook**

Only school-recognized clubs and organizations will be featured in the yearbook.

**Compulsory School Attendance**

Except as provided by law, every child in the state is required by state law to attend public or private school from the child’s seventh (7th) birthday until his/her eighteenth (18th) birthday, unless the child graduates prior to his/her eighteenth (18th) birthday. Any child below the age of seven (7) who legally enrolls in school shall also be required to attend school.

Compulsory attendance does not apply to any child who is under the age of seventeen (17) and is attending or seeking admission to a National Guard Youth Program in Louisiana. Failure to abide by the compulsory school attendance laws of the state may result in a referral to the Child Welfare and Attendance Supervisor who will contact the District Attorney’s office. In accordance with state law, it is the responsibility of every parent, tutor, or legal guardian of a child between the ages of seven (7) and eighteen (18) to enforce the attendance of his or her child at school. Once students arrive to school, he/she is expected to remain and attend each class throughout the day.

A student is considered to be in attendance when he or she is physically present at school or is participating in an authorized school activity and is under the supervision of authorized personnel.

This definition for attendance would extend to students who are homebound, assigned to and participating in drug rehabilitation programs that contain a state-approved education component, or participating in school-authorized field trips or other school-approved activities.

Students in danger of failing due to excessive absences may be allowed to make up missed time in class sessions held outside the regular class time. The make-up sessions must be completed before the end of the current semester and all other applicable policies must also be met.

Exceptions to the attendance regulation shall be the enumerated extenuating circumstances below that are verified by the supervisor of child welfare and attendance or the school principal/designee where indicated. These exempted absences do not apply in determining whether a student meets the minimum minutes of instruction required to receive credit:

1. extended personal physical or emotional illness as verified by a physician or nurse practitioner licensed in the state;
2. extended hospital stay in which a student is absent as verified by a physician or dentist;
3. extended recuperation from an accident in which a student is absent as verified by a physician, dentist, or nurse practitioner licensed in the state;
4. extended contagious disease within a family in which a student is absent as verified by a physician or dentist licensed in the state; or
5. quarantine due to prolonged exposure to or direct contact with a person diagnosed with a contagious, deadly disease, as ordered by state or local health officials; or
6. observance of special and recognized holidays of the student’s own faith;
7. visitation with a parent who is a member of the United States Armed Forces or the National Guard of a state and such parent has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting. Excused absences in this situation shall not exceed five school days per school year;
8. absences verified and approved by the school principal or designee as stated below:
   a. prior school system-approved travel for education;
   b. death in the immediate family (not to exceed one week); or
   c. natural catastrophe and/or disaster.

Types of Absences

The days absent for elementary and secondary school students shall include non-exempted, excused; exempted, excused, unexcused absences and suspensions.

Non-exempted, excused absences are absences incurred due to personal illness or serious illness in the family (documented by acceptable excuses, including a parental note) which are not considered for purposes of truancy, but which are considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

Exempted, Excused Absences—absences which are not considered for purposes of truancy and which are not considered when determining whether or not a student is eligible to make up work and tests, receive credit for work completed, and receive credit for a course and/or school year completed.

Unexcused Absence—any absence not meeting the requirements set forth in the excused absence and extenuating circumstances definitions, including but not limited to absences due to any job (including agriculture and domestic services, even in their own homes or for their own parents or tutors) unless it is part of an approved instructional program. Students shall be given failing grades in those days missed and shall not be given an opportunity to make up work.

Suspension—a non-exempted absence in which a student is allowed to make up his work and is eligible for consideration for credit provided it is completed satisfactorily and in a timely manner. The absence is considered when determining whether or not a student may or may not be promoted, but is not considered for purposes of truancy. Students absent from school as a result of any suspension shall be counted as absent.

Notification to Parents

Parents/legal guardians will be notified in writing on or upon the 3rd unexcused absence or unexcused occurrence of being tardy, and the school will hold a conference with the student's parent or legal guardian. The notification will be relative to the parent or legal guardian's responsibility to enforce the student's attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student's parent will be required to sign a receipt for such notification.

In elementary through junior high school, when a student accumulates seven (7) absences which include non-exempted excused, unexcused, and/or suspensions, notification will be made to the parents/guardians. After the tenth (10) absence which includes non-exempted excused, unexcused, and/or suspensions, the school will notify parents/guardians of the seat time recovery requirements.

In high school, when a student accumulates three (3) absences in a semester which include non-exempted excused, unexcused, and/or suspensions, notification will be made to the parents/guardians. After the fifth (5) absence in a semester which includes non-exempted excused, unexcused, and/or suspensions, the school will notify parents/guardians of the seat time recovery requirements.

Seat Time Recovery

Students in danger of failing due to excessive absences may be allowed to make up missed seat time held outside of the regular school day. The makeup sessions must be completed before the end of the current semester for high school students and the end of the year for elementary/junior high students.

Conferences with Teachers and Executive Director

Because the Executive Director and teachers are busy serving students during the school day, they are unable to accommodate unscheduled telephone calls or in-person conferences. When parents feel it advisable to contact the Executive Director, they are encouraged to schedule an appointment during regular office hours.
Director or teachers personally, they are encouraged to leave their telephone numbers with the school office in order that the Executive Director or teacher may return the call later. Personal conferences are welcome if a telephone conversation does not prove adequate. To schedule an in-person conference with the Executive Director or a teacher at a mutually convenient time, please call the school office for an appointment. Parents may also communicate with the Executive Director and teachers via e-mail regarding school-related business.

**Deliveries**
Packages such as flowers, balloons, etc., should not be delivered to the school for students. These will not be delivered to the classroom.

**Distribution of Materials or Documents**
Only publications relating to school-sponsored activities or school-recognized clubs and organizations may be posted or distributed. The publication, as well as the time and location of its posting or distribution, must be submitted to the Executive Director for review and approval.

**Dress Code**

**School Uniforms**
Lincoln Preparatory students are required to wear school uniforms. The school uniform is explained in the Campus Handbook Supplement.

**General Criteria**
A student’s personal dress and grooming standards shall not:
1. lead school staff to reasonably believe that such dress or grooming will disrupt, interfere with, disturb, or detract from school activities; or
2. create a health or other hazard to the student’s safety or to the safety of others.

**Specific Criteria**
1. Clothing containing offensive slogans, symbols, or other suggestive or controversial designs is not allowed.
2. Clothing depicting drugs, alcohol, tobacco products, or violence is not allowed.
3. Startling, unusual, or immodest attire of any sort is not allowed. Fads in hairstyles, clothing, or anything designed to attract attention to the individual or to disrupt the orderly conduct of the classroom or campus is not allowed.
4. Hair is to be clean and well-groomed. Unusual coloring (e.g., red, blue, purple, etc.) or excessive hairstyles (e.g., “tails,” “designs,” “puffs,” etc.) are not allowed.
5. Words, symbols, or designs shaved in hair (including facial hair and eyebrows) are not allowed.
6. Clothing, tattoos, and other articles that are considered “gang-related” are not allowed.
7. Extremely baggy clothing is not allowed. Pants, shorts, etc., are not to be worn below the waistline and should be appropriately sized.
8. Shorts may be worn, but must reach at least fingertip length. Tight-fitting shorts or “short shorts” are not allowed.
9. Tongue rings and visible body piercings, other than earrings, are not allowed. Dangling earrings are not allowed.
10. Visible tattoos and body art are not allowed.
11. Cutoffs, boxer shorts, pajama bottoms, bike shorts, short leggings as outer garments, etc., are not allowed.
12. Hats, scarves, bandanas, hair coverings, sweatbands, or hooded shirts are not allowed except under circumstances designated by the Executive Director.
13. Torn, ripped, or cut clothing is not allowed.
14. Trench coats and dusters are not allowed.
15. Grills or temporary decorations on teeth are not allowed.
16. Chains, handcuffs, jewelry, or accessories that suggest weaponry are not allowed.
17. Students are to wear appropriate shoes or sandals at all times. House shoes, shower shoes (flip flops), and shoes with wheels are not allowed.
18. Excessive makeup is not allowed.

*Boys: Additional Guidelines*
1. Shirts are to have sleeves.
2. Mustaches, beards, and other facial hair must be kept neat and trimmed.

**Girls: Additional Guidelines**

1. Apparel that is too tight or too short to prevent modesty is not allowed.
2. Low-cut apparel is not allowed.
3. Girls are to wear sufficient undergarments.
4. The following are unacceptable: clothing designed with shoulder straps less than three inches wide, bare midriffs, halters, or bare backs.

**Enforcement Procedures**

If the student's dress or grooming is inappropriate or objectionable under these provisions, the Executive Director or Dean of Students shall request the student to make appropriate corrections. If the student refuses, the Executive Director or Dean of Students shall notify the student’s parent and request that the parent make the necessary correction. If both the student and parent refuse, the Executive Director shall take appropriate disciplinary action, including removal from school until the student is in compliance with the dress code. Decisions of the Executive Director or designee regarding dress and grooming are considered final. Failure to comply with the dress code will result in disciplinary action.

**Enrollment of New Students**

Admission and enrollment of students shall be open to any person who is eligible for admission based on lawful criteria identified in the school’s charter, e.g., qualifying residency. The total number of students enrolled in the school shall not exceed the number of students approved in the school’s charter or subsequent amendments. Applications for admission shall be due by a reasonable deadline to be set each year by the school—i.e., the close of the “open-enrollment period.”

**Lottery**

The following students are exempt from the lottery and shall be automatically offered admission to the School: (1) students enrolled at Grambling Laboratory School as of April 4, 2016; (2) siblings of students enrolled at Grambling Laboratory School as of April 4, 2016; and (3) students matriculating or transferring into ninth grade or above from a BESE-Authorized charter school.

If the number of eligible applicants does not exceed the number of vacancies, then all eligible applicants who have applied during the designated open-enrollment period will be offered admission. If there are more eligible applicants than available spaces in a class/grade/school, then a lottery will be conducted at a time set by the school each year. A name (or number assigned to a name) will be drawn for each vacancy that exists, and each applicant whose name (or number) is drawn will be offered admission. The remaining names will then be drawn and placed on a waiting list in the order in which they were drawn.

Notification of admission will be made by telephone, e-mail, or U.S. Postal Service. Failure of a parent to respond within 48 hours of the date of the telephone call or e-mail, or within three business days of a post-marked letter, will forfeit his or her position in the lottery. Parents should call the school immediately upon receipt of the notice in order to preserve their student’s position in the lottery.

If a vacancy arises before the commencement of the school year, the individual on the waiting list for the current year with the lowest number assignment will be offered admission and then removed from the waiting list. If an application is received after the open-enrollment period has passed, the applicant’s name will be added to the waiting list behind the names of the eligible applicants who timely applied.

**Exceptions**

Federal guidelines permit the school to be exempt from the lottery process for students who are already admitted under the charter, siblings of students already admitted under the charter, and children of the charter’s founders, teachers, and staff.

**Residency Information**

To be eligible for continued enrollment in the school, the parent must show proof of residency at the time of enrollment. Failure to comply with this requirement will result in the immediate initiation of procedures to exclude students from enrollment.
Residency may be verified through observation, documentation, and other means, including, but not limited to:

1. a recently paid rent receipt,
2. a current lease agreement,
3. the most recent tax receipt indicating home ownership,
4. a current utility bill indicating the address and name of the residence occupiers,
5. mailing addresses of the residence occupiers,
6. visual inspection of the residence,
7. interviews with persons with relevant information, or
8. building permits issued to a parent on or before September 1st of the school year in which admission is sought (permits will serve as evidence of residency for the school year in which admission is sought only).

Falsification of residence on an enrollment form is a criminal offense.

Student Information

Any student admitted to the school must have records such as report card and/or transcript from the previous school attended to verify his or her academic standing. Verification of residency and current immunization records are also required. Every student enrolling in the school for the first time must present documentation of immunizations as required by the Louisiana Department of Health and Hospitals.

No later than 30 days after enrolling in the school, the parent and school district in which the student was previously enrolled shall furnish records which verify the identity of the student. These records may include the student’s birth certificate or a copy of the student’s school records from the most recently attended school.

Fees

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. A student, however, is expected to provide his or her own pencils, paper, pens, erasers, notebooks, calculators, headsets, etc., and may be required to pay certain other fees or deposits, including payment of:

1. a fee for materials for a class project that the student will keep, if the fee does not exceed the cost of materials;
2. membership dues in voluntary student clubs or organizations and admission fees to extracurricular activities;
3. a security deposit for the return of materials, supplies, or equipment;
4. a fee for personal physical education and athletic equipment and apparel, although a student may provide the student’s own equipment or apparel if it meets reasonable requirements and standards relating to health and safety;
5. a fee for voluntarily purchased items, such as student publications, class rings, pictures, yearbooks, graduation announcements, etc.;
6. a fee for voluntary student health and accident benefit plan;
7. a reasonable fee, not to exceed the actual annual maintenance cost, for the use of musical instruments and uniforms owned or rented by the school;
8. a fee for items of personal apparel used in extracurricular activities that become the property of the student;
9. a parking fee;
10. a fee for a student identification card;
11. a fee for an optional course offered for credit that requires the use of facilities not available on campus or the employment of an educator who is not part of the school’s regular staff;
12. a fee for summer school courses that are offered tuition-free during the regular school year;
13. a reasonable fee, not to exceed $50, for costs associated with an educational program offered outside of regular school hours through which a student who was absent from class receives instruction voluntarily for the purpose of making up the missed instruction and meeting the level of attendance required for class credit, so long as the fee would not create a financial hardship or discourage the student from attending the program;
14. a fee for lost, damaged, or overdue textbooks, library books, technological equipment, and academic curriculum materials; or
15. a fee specifically permitted by any other statute.

Refer to the Campus Handbook Supplement for additional information regarding the amount and method of collecting specific fees.
After-School Tutoring Programs

After-School Tutoring Programs will begin in October of the school year and continue through the end of March. Tutoring programs may vary depending on the number of participants and need. At the discretion of the Executive Director, such services may be revoked for habitual abuse of late pick-up. Continual abuse of mandated program times may be considered as neglect and thus may be treated as such.

Homeless Students

The McKinney-Vento Act states that children and youth who lack “a fixed, regular, and adequate nighttime residence” will be considered homeless. 42 U.S.C. §11434A(2)(A). The mission of the Stewart B. McKinney-Vento Education for Homeless Children and Youth Program is to develop and maintain a comprehensive education program by coordinating resources and services for homeless individuals residing in any temporary living arrangements because of the lack of a fixed, regular, and adequate residence and to foster a climate wherein each homeless individual is positively received and neither stigmatized nor isolated. The McKinney-Vento Act requires schools to identify and remove all barriers to enrollment and retention in school for children and youth in homeless situations. 42 U.S.C.§§11432(g)(1)(I), (g)(7). Zero tolerance rules for absenteeism can be such barriers, particularly when they result in class failures, exclusion from school, or court involvement. Frequently, students in homeless situations will miss school due to their living situations.

Leaving Campus During the School Day

A student who will need to leave campus during the day must submit a note to the school office from his or her parent which provides the following information:

1. student’s name,
2. reason for student’s need to leave campus,
3. time student will need to be gone from campus,
4. phone number where parent may be reached to confirm parent’s permission,
5. parent’s name, and
6. parent’s signature.

No student will be permitted to leave campus before the school office confirms the student’s need to leave campus with the student’s parent by phone. Students who fail to check in/out before leaving and/or returning to campus will be considered truant from any instructional hours missed. Doctor’s appointments should be scheduled, if possible, at times when the student will not miss instructional time. In order to check a student out of school, a parent must come to the main office and sign the student out of school. Students will not be allowed to leave in the custody of any person not named on the Student Registration Card. Photo identification is required.

Lockers

Lockers remain under the jurisdiction of the school even when assigned to an individual student. The school reserves the right to inspect all lockers. A student has full responsibility for the security of the locker and is responsible for making certain that it is locked and that the combination is not available to others. Locker searches may be conducted at any time, whether or not the student is present. Book bags are not allowed in the classroom. Book bags are used to bring books and supplies to and from school, but lockers should be used while the student is at school. The decision to assign lockers rests with the Executive Director.

Lost and Stolen Items

All articles, including books, found on campus should be taken to the school office. All articles not claimed at the end of the school year will be disposed of through proper channels. Students are not to bring electronic entertainment devices and other personal items of great value to school. The school is not responsible for lost or stolen items.

Meals

The school serves breakfast or breakfast and lunch through participation in the National Breakfast and School Lunch Program. The State Board of Elementary and Secondary Education (SBESE) and United States Department of
Agriculture ("USDA") guidelines are followed to meet the nutritional needs for all students.

**Menus**

Menus may be obtained at the school office.

**Payment for Meals**

Students are encouraged to purchase meals from the school in advance. Payments may be made to the student’s account weekly, monthly, or yearly. See the school office for acceptable methods for payment.

**State-Mandated Nutrition Guidelines**

State policy places strict limits on any food or drink provided or sold to students, other than through the school’s Food and Nutrition Services. Elementary school students may not have access to candy or any other food of minimal nutritional value during the school day. Middle school and high school students also have restrictions during meal periods.

**Free and Reduced-Cost Meals**

The school sends applications for free or reduced cost meals to the student’s home at the beginning of each school year. Applications must be complete, listing all members of the household and family income. Should the family income status change, assistance may be requested at any time during the school year. Only one application for each household is required. Completed applications should be returned to the school office.

**Messages for Students**

It is not possible to receive and deliver telephone messages and/or supplies to students without interrupting classes and interfering with the learning environment that the school staff works so hard to maintain. In the case of an emergency, the school office should be contacted for assistance.

**Minimum Required Instructional Minutes to Receive Grades/Credit**

Compulsory attendance laws and Louisiana Board of Elementary and Secondary Education (BESE) regulations requires elementary students to be in attendance a minimum of 60,120 minutes (equivalent to 167 six-hour school days) a school year in order to receive grades. In order to be eligible to receive credit for courses taken, high school students shall be in attendance a minimum of 30,060 minutes (equivalent to 83.5 six-hour school days), per semester.

**Notice of Non-Discrimination**

In accordance with state law and the School’s charter; it is the policy of the School to prohibit discrimination in student admission on the basis of race, religion, gender, ethnicity, national origin, intelligence level as ascertained by an intelligence quotient examination, or identification as a child with an exceptionality as defined in R.S. 17:1942(B).

The school, as an equal opportunity educational provider and employer, does not discriminate on the basis of race, color, religion, sex, national origin, disability, and/or age in educational programs or activities that it operates or in employment decisions. The school is required by Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, and the Age Discrimination Act of 1975, as amended, as well as Board Policy not to discriminate in such a manner (not all prohibited bases apply to all programs).

**Parking Regulations [H]**

**Being able to bring a vehicle on campus is a privilege.** The school is not responsible for damage to a vehicle that occurs while it is on campus. A student has full responsibility for the security of his or her vehicle and must make certain that it is locked and that the keys are not given to others. Students are not allowed to go to their vehicle during the school day.

**Vehicles parked on campus are under the jurisdiction of the school.** School officials may search any vehicle any time there is reasonable cause to do so, with or without the presence of the student. A copy of the student’s driver’s license and insurance must be on file in the school office.

**Parking Fee**
Students who drive to campus must park in designated student parking areas. Students may be required to purchase a parking sticker from the school office each year. If required, the failure to purchase a parking sticker will be considered a parking infraction and will result in appropriate disciplinary action. Refer to the Campus Handbook Supplement for additional information.

**Operation of Motor Vehicles on Campus**

Any law or ordinance regulating traffic on a public highway or street also applies to the operation of a vehicle on campus. In addition to potential city citations for violation of motor vehicle traffic laws or ordinances, students will receive a warning and referral to the Executive Director’s office for the following violations:

1. parking in a fire lane,
2. failure to park in a designated student parking area,
3. jumping (driving over) a curb,
4. double parking,
5. parking in a handicapped space or walkway,
6. parking in a crosswalk or ramp,
7. ignoring instructions from school staff monitoring the parking lot, or
8. parking on a water sprinkler.

A student who has had parking privileges revoked may have his or her car towed at the student’s expense. All students wishing to exercise their right to drive/park a motor vehicle on campus will be required to submit a vehicle identification form each school year which will remain on file in the campus office.

**Religious Expression**

**Student Expression of Religious Viewpoints**

The school shall treat a student’s voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the school treats a student’s voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

**Religious Expression in Class Assignments**

Students may express the students’ beliefs about religion in homework, artwork, and other written and oral assignments free from discrimination based on the religious content of the students’ submission. Homework and classroom work shall be judged by ordinary academic standards of substance and relevance and against other legitimate pedagogical concerns identified by the school. Students may not be penalized or rewarded on account of religious content. If a teacher’s assignment involves writing a poem, the work of a student who submits a poem in the form of a prayer (for example, a psalm) should be judged on the basis of academic standards, including literary quality, and not penalized or rewarded on account of its religious content.

**Freedom to Organize Religious Groups and Activities**

Students may organize prayer groups, religious clubs, “see you at the pole” gatherings, and other religious gatherings before, during, and after school to the same extent that students are permitted to organize other non-curricular student activities and groups. Religious groups must be given the same access to school facilities for assembling as is given to other non-curricular groups, without discrimination based on the religious content of the group’s expression. If student groups that meet for nonreligious activities are permitted to advertise or announce the groups’ meetings, for example, by advertising in a student newspaper, putting up posters, making announcements on a student activities bulletin board or public address system, or handing out leaflets, school authorities may not discriminate against groups that meet for prayer or other religious speech. School authorities may disclaim sponsorship of non-curricular groups and events, provided they administer the disclaimer in a manner that does not favor or disfavor groups that meet to engage in prayer or other religious speech.

**Prayer**

Each student has an absolute right to individually, voluntarily, and silently pray or meditate in school in a manner that does not disrupt the instructional or other activities of the school. The school will not require, encourage, or coerce a student to engage in or refrain from such prayer or meditation during any school activity.

**Respect for All**
The school has a diverse student population and strives to maintain an environment of respect and acceptance. Students must not engage in harassing behaviors motivated by ethnicity, gender, color, religion, national origin, or disability directed toward another student.

Students are expected to treat other students and school staff with courtesy and respect, to avoid any behaviors known to be offensive, and to stop these behaviors when asked or told to stop.

**School Calendar**

The school operates according to the annually Board-adopted school calendar. Refer to the Campus Handbook Supplement for procedures relating to the announcement of school closings in the event of bad weather. Holidays may be used as school make-up days for days lost due to bad weather. The latest changes to the calendar will be available on the school website. *Dates may change depending on the number of instructional minutes completed.*

**School-Day Schedule**

Refer to the Campus Handbook Supplement for information regarding the school-day schedule and whether supervision of students before or after school is available.

**School Facilities Use**

Certain areas of the campus will be accessible to students before and after school for specific purposes. Students are required to remain in the area where their activity is scheduled to take place. Unless the school staff member overseeing the activity gives permission, a student will not be permitted to go to another area of the campus. Unless involved in an activity under the supervision of school staff, students must leave campus once school is dismissed.

**School Functions**

Students are held responsible for their conduct while in attendance at any school function. A student who is on campus or in attendance at any school function at any place, night or day, is subject to all regulations of the school and will be governed accordingly. Student identification cards may be required to attend some school functions.

---

**School-Sponsored Trips**

Many school-sponsored trips are made each year for the various activities in which students participate. The following regulations govern trips sponsored by the school:

1. Students missing school when on a school-sponsored trip are not counted absent, but are required to make up the work missed. Arrangements should be made with each teacher for make-up work before the trip is made.

2. Students must take the responsibility of observing all safety rules.

3. Students making a school-sponsored trip are under the supervision of a sponsor and are expected to follow the school Student Code of Conduct and dress code.

4. Students may not miss any class more than 10 times within the school year, unless they are participating in competition beyond the district level.

**Student Speakers at School Events**

**Student Speakers at Non-Graduation Events**

The school hereby creates a limited public forum for student speakers at all school events at which a student is to publicly speak. For each speaker, the school shall set a maximum time limit reasonable and appropriate to the occasion. Student speakers shall introduce:

1. athletic events designated by the school;
2. opening announcements and greetings for the school day; and/or
3. any additional events designated by the school, which may include, without limitation, assemblies, and pep rallies.

The forum shall be limited in the manner provided by this section.

Only those students in the highest two grade levels of the school and who hold one of the following positions of honor based on neutral criteria are eligible to use the limited public forum: student council officers, class officers of the highest grade level in the school, captains of the school’s sports teams, and other students.
An eligible student shall be notified of the student’s eligibility, and a student who wishes to participate as an introducing speaker shall submit the student’s name to the school office during an announced period of not less than three days. The announced period may be at the beginning of the school year, at the end of the preceding school year so student speakers are in place for the new year, or, if the selection process will be repeated each semester, at the beginning of each semester or at the end of the preceding semester so speakers are in place for the next semester. The names of the volunteering student speakers shall be randomly drawn until all names have been selected, and the names shall be listed in the order drawn. Each selected student will be matched chronologically to the event for which the student will be giving the introduction. Each student may speak for one week at a time for all introductions of events that week, or rotate after each speaking event, or otherwise as determined by the school. The list of student speakers shall be chronologically repeated as needed, in the same order. The school may repeat the selection process each semester rather than once a year.

The subject of the student introductions must be related to the purpose of the event and to the purpose of marking the opening of the event, honoring the occasion, the participants, and those in attendance, bringing the audience to order, and focusing the audience on the purpose of the event. The subject must be designated, a student must stay on the subject, and the student may not engage in obscene, vulgar, offensively lewd, or indecent speech.

For as long as there is a need to dispel confusion over the non-sponsorship of the student’s speech, at each event in which a student will deliver an introduction, a disclaimer shall be stated in written or oral form, or both, such as,

The student giving the introduction for this event is a volunteering student selected on neutral criteria to introduce the event. The content of the introduction is the private expression of the student and does not reflect the endorsement, sponsorship, position, or expression of the school.

Certain students who have attained special positions of honor in the school have traditionally addressed school audiences from time to time as a tangential component of their achieved positions of honor, such as the captains of various sports teams, student council officers, class officers, homecoming kings and queens, prom kings and queens, and the like, and have attained their positions based on neutral criteria. Nothing in this policy eliminates the continuation of the practice of having these students, irrespective of grade level, address school audiences in the normal course of their respective positions. The school shall create a limited public forum for the speakers and shall treat a student’s voluntary expression of a religious viewpoint, if any, on an otherwise permissible subject in the same manner the school treats a student’s voluntary expression of a secular or other viewpoint on an otherwise permissible subject and may not discriminate against the student based on a religious viewpoint expressed by the student on an otherwise permissible subject.

**Tardiness**

Students who are late to class are designated tardy and will be assigned disciplinary consequences if they are tardy, without an acceptable excuse. Egregious tardiness—e.g., arriving to school after attendance has been taken—will be classified as an absence for the purpose of compulsory attendance enforcement if unexcused.

Nearly all tardiness is avoidable and is excusable only in cases of illness or emergency. To get an excused tardy slip, the student’s parent must report to the school office the emergency which caused the delay. Please see the specific guidelines for tardiness in the Quick Reference Section of the Handbook.

**Telephone**

Because of the tremendous amount of essential business that must be transacted over the school office telephones, students are requested not to ask for use of the telephone except in emergencies. The school office staff will deliver messages in cases of emergency. No toll calls from office telephones are to be made by students.

**Transportation**
Students who participate in school-sponsored trips may be required to ride a school vehicle (i.e., a vehicle driven for school-related business or owned, leased, or rented by the school). The Executive Director, however, may make an exception if the parent personally requests that the student be permitted to ride with the parent, or if the parent presents—prior to the day of the scheduled trip—a written request that the student be permitted to ride with an adult designated by the parent.

Riding a school vehicle is a privilege. School vehicle drivers have the authority to maintain discipline and require seating charts. When riding a school vehicle, students are held to behavioral standards established in this Handbook and the Student Code of Conduct. Students must:

1. follow the driver’s directions at all times;
2. enter and leave the vehicle in an orderly manner;
3. keep feet, books, instrument cases, and other objects out of the aisle;
4. not deface the vehicle or its equipment;
5. not put head, hands, arms, legs, or any object out of any window; and
6. wait for the driver’s signal in order to leave or cross in front of the vehicle.

Only designated students are allowed to ride in the vehicle. Students may neither ride the vehicle to a different location nor have friends ride the vehicle to participate in after-school activities.

If a special needs student is receiving bus transportation as a result of an Individual Education Plan (“IEP”), the Admission Review and Dismissal (“ARD”) Committee will have the discretion in determining appropriate disciplinary consequences.

Truancy

Parents will receive notification of the State truancy policy at the beginning of the school year. Any juvenile student who is habitually absent or tardy from school will be reported as a truant child to the Supervisor of Child Welfare and Attendance, the family and/or juvenile court according to the provisions of Louisiana Children’s Code regarding families in need of services.

Truancy is defined by Title 17, Section 221 of the Louisiana Revised State Law, it states:

ALL CHILDREN BETWEEN THE AGES OF 7 AND 18 (FROM THE 7TH TO THE 18TH BIRTHDAY) MUST ATTEND A PRIVATE OR PUBLIC DAY SCHOOL, UNLESS THE CHILD GRADUATES FROM HIGH SCHOOL PRIOR TO HIS 18TH BIRTHDAY.

ANY CHILD BELOW THE AGE OF 7, WHO LEGALLY ENROLLS IN SCHOOL, SHALL ALSO BE SUBJECT TO THE PROVISION OF THIS SUBPART.

EVERY PARENT RESIDING WITHIN THE STATE OF LOUISIANA MUST ASSURE THE ATTENDANCE OF THEIR CHILDREN IN REGULARLY ASSIGNED CLASSES DURING REGULAR SCHOOL HOURS AS ESTABLISHED BY THE SCHOOL BOARD.

The above penalty for violating the law is not more than $250.00 for each incident your child is determined to be truant.

Use of Student’s Image/Information

Photographs of students (including video images) along with student names, activities, honors, and achievements will be allowed for use in official school projects and events unless a parent specifically requests in writing that such usage be denied. Individual student photos for official campus identification cards may be taken as required.

Visitors

Parents and other visitors are welcome to visit the campus. No visitors will be allowed in any part of the building without first obtaining approval from the school office. The school will take the following actions when there is a visitor at the school:

1. The visitor must first report to the school office, and will be required to furnish a U.S. federal or state-issued photo ID.
2. The visitor’s information will be stored in an electronic database to document visitors to the school. Information stored in the electronic database may be used only for the
purpose of school security, and may not be sold or otherwise disseminated to a third party for any purpose.

3. The school will verify whether the visitor is a sex offender registered with the computerized central database maintained by the Department of Public Safety or any other database accessible by the school. Visitors identified as sex offenders shall be escorted by school staff at all times during a school visit.

4. A visitor badge will be issued to the visitor and displayed conspicuously during the visit.

**Visits to individual classrooms during instructional time are permitted only with approval of the Executive Director and teacher, and such visits are not permitted if their duration or frequency interferes with the delivery of instruction or disrupts the normal school environment.**

**Withdrawals**

A student under 18 may be withdrawn from school only by a parent. The school requests notice from the parent at least three days in advance so that records and documents may be prepared. Less than three days’ notice may result in forms being mailed. A withdrawal form may be obtained from the school office.

A student who is 18 years of age or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature. In all cases, withdrawal forms must be appropriately completed and signed before withdrawal is complete.
SECTION II:
HEALTH AND SAFETY INFORMATION

Asbestos Management Plan

The school has every facility inspected for asbestos before use by a licensed Asbestos Hazard Emergency Response Act ("AHERA") inspector. An Asbestos Management Plan is created for the school in accordance to federal regulations by AHERA. Parents may view the Asbestos Management Plan by contacting the school office.

Bacterial Meningitis

What is meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is most common and the least serious. Bacterial meningitis is the most common form of serious bacterial infection with the potential for serious, long-term complications. It is an uncommon disease, but requires urgent treatment with antibiotics to prevent permanent damage or death. What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Students and adults with meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness or joint pains, and drowsiness or confusion. In both students and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

How serious is bacterial meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. In some cases it can be fatal or a person may be left with a permanent disability.

How is bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by casual contact or by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing and sharing drinking containers, utensils, or cigarettes).

The germ does not cause meningitis in most people. Instead, most people become carriers of the germ for days, weeks, or even months. The bacteria rarely overcome the body’s immune system and cause meningitis or another serious illness.

How can bacterial meningitis be prevented?

Students should not share food, drinks, utensils, toothbrushes, or cigarettes. Students should limit the number of persons they kiss. While there are vaccines for some other strains of bacterial meningitis, they are used only in special circumstances. These include a disease outbreak in a community or for people traveling to a country where there is a high risk of getting the disease. Also, a vaccine is recommended by some groups for college students, particularly freshmen living in dorms or residence halls. The vaccine is safe and effective (85–90 percent). It can cause mild side effects, such as redness and pain at the injection site lasting up to two days. Immunity develops within seven to ten days after the vaccine is given and lasts for up to five years.

What should students do if they think they or a friend might have bacterial meningitis?

Students should seek prompt medical attention.

Where can students get more information?

A family doctor and the staff at the local or regional health department office are excellent sources for information on all communicable
diseases. Parents and students may also contact the local health department or the Louisiana Department of Health and Hospitals to ask about meningococcal vaccine. Additional information may also be found at websites for the Centers for Disease Control and Prevention (http://www.cdc.gov) and the Louisiana Department of Health and Hospitals (http://dhh.louisiana.gov/)

Child Abuse Reporting and Investigations

Reporting Procedures
Students who believe they are the subjects of sexual abuse or other maltreatment should report the incident immediately to a teacher or the Executive Director.

If a parent has cause to believe that a student has been or may be abused or neglected at school, the parent shall immediately notify the Executive Director at the school and make an oral report to Child Protective Services at 1.855.452.5437 or the local Police Department at 911.

Additional Information
Additional information regarding sexual abuse and other maltreatment of children, including prevention techniques and knowledge of likely warning signs indicating that a child may be a victim of sexual abuse or other maltreatment, may be found at the following Louisiana Department of Children and Family Services (“DCFS”) website: http://www.dcfslouisiana.gov

Staff Training
Louisiana law requires all Mandated Reporters of Child Abuse and Neglect to undergo training. School Staff will be required to complete the training. The online training can be found at http://www.dcfslouisiana.gov/mandatedreporters.

Student Interviews at School
The school cooperates with official child abuse investigators as required by law. The school may not interfere with an investigation of a report of child abuse or neglect conducted by the Louisiana Department of Children and Family Services (“DCFS”). The school shall permit the investigator to conduct the required interview with the student at any reasonable time at the school. The school may not require the investigator to permit school staff to be present at a student interview conducted at school.

Notification of Parents
Investigations at school may be conducted by authorized law enforcement or state agencies without prior notification or consent of the student’s parents if necessary.

Communicable Diseases
To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents of a student with a communicable or contagious disease should phone the school office so that other students who might have been exposed to the disease can be alerted.

Dyslexia and Related Disorders
From time to time, students may be tested and, where appropriate, treated for dyslexia and related disorders in accordance with programs, rules, and standards approved by the State. Parents will be notified should the school determine a need to identify or assess their student for dyslexia and related disorders.

Emergency Medical Treatment
If a student has a medical emergency at school or a school-related activity and the parent cannot be reached, school staff will seek emergency medical treatment unless the parent has previously provided a written statement denying this authorization. Therefore, parents are asked each year to complete an “Emergency Care Consent Form,” which includes information about their student's allergies to medications, etc. Parents should keep emergency care information current (e.g., name of doctor, emergency phone numbers, allergies, etc.). An updated Student Health Form will be required at the beginning of each school year. Please inform the school office of any changes that occur during the school year.

Fire, Lock-Down, and Disaster Drills
Fire drills are conducted for two purposes:
1. to train students to leave the building orderly and quickly in case of an emergency alarm, and
2. to teach self-control in times of emergency.

When the fire alarm is sounded, all students should immediately walk out of the room and proceed to the designated exit. They should walk in an orderly manner, with no talking or pushing. When the students reach the safety zone designated by the teacher, they should face the building but remain in line.

In addition to fire drills, lock-down or disaster drills will also be conducted. Refer to the Campus Handbook Supplement for specific procedures relating to fire and disaster drills.

Health Care Appointments

A student may be excused for a temporary absence resulting from a visit to health care professionals if that student begins classes or returns to school on the same day of the appointment. A note from the health care professional must be provided to the school office upon return of the student to school. Students whose absences are excused for these reasons may not be penalized for that absence and will be counted as if the student attended school for attendance purposes. The student will be allowed a reasonable time to make up the missed school work.

Illness During School Hours

A student who becomes ill during school hours is to report to the teacher, who will then send him or her to the school office. No student is allowed to go home without the parent being notified. Students are not to call parents from pay phones or cell phones asking to go home; such calls are to be made from the school office by school staff. A parent/guardian will not be called for each clinic visit. A parent/guardian will be notified by phone call, or clinic information form of the following types of injuries or illnesses:

1. Head Injury – potential for delayed repercussions/possible concussions
2. Vomiting, Diarrhea, and/or Fever greater than 100.0 degrees – potential for a contagious condition/illness
3. Ineffective Medication regime – such as, but not limited to, asthma inhaler, diabetes management, ADHD
4. Life threatening occurrences
5. Orthopedic injuries that are not relieved with rest and ice
6. Any injury/illness deemed necessary by the nurse

When your child is ill, please contact the school to let us know he or she won’t be attending that day. It is important to remember that schools are required to exclude students with certain illnesses from school for periods of time as identified in state rules. Students should stay home from school due to illness if any of the following are present:

1. fever of 100 degrees Fahrenheit or higher in the past 24 hours;
2. vomiting and/or diarrhea in the past 24 hours;
3. itchy, red eyes with discharge;
4. unknown rash;
5. ringworm (until treatment has been started);
6. live head lice or
7. jaundice.

To protect students at school, students assessed with any of the signs and symptoms listed above will be sent home.

Immunizations

In accordance to Louisiana State Law, 17:170, appropriate immunizations for age for regulatory purposes shall be determined using the current immunization schedule from the Advisory Committee for Immunization Practice (ACIP) of the United States Public Health Service. Compliance will be based on the individual having received an appropriate number of immunizations for his/her age of the following types: 1. vaccines which contain tetanus and diphtheria toxoids, including DTP, DtaP, DT, or Td or combinations which include these components; 2. polio vaccine, including OPV, eIPV, IPV, or combinations which include these components; 3. vaccines which contain measles antigen, including MMR and combinations which include these components. B. Beginning in school year 2009-2010, two (2) doses of Varicella vaccine shall be required in Louisiana schools for entry into kindergarten or first time enterers into school. In addition, prior to school entry, these students must have documented proof of immunizations for: two (2)
doses of Measles, Mumps, Rubella (MMR) vaccine; three (3) doses of Hepatitis B (HBV) vaccine; and booster doses of Diphtheria Tetanus Acellular Pertussis (DTaP) and Poliovirus (Polio) vaccines administered on or after their 4th birthday and prior to school entry. If a student is not complete (up-to-date for age), he/she must present a record indicating the student is in progress of receiving vaccines, and follow-up must be provided for compliance with the above requirements.

At the time of registration, students must show proof of immunization of the following vaccines: Tetanus Diphtheria Acellular Pertussis vaccine (TdaP); two (2) doses of Varicella vaccine; two (2) Measles, Mumps, Rubella (MMR) vaccines; three (3) Hepatitis B (HBV) vaccines; and one (1) Meningococcal Vaccine (MCV4).

Beginning with the 2009-2010 school year and continuing thereafter, a student shall provide satisfactory evidence of current immunizations against meningococcal disease, and any other age appropriate vaccines, as a condition of entry into the sixth grade. Further, any student who has attained the age of eleven years or who is entering grade other than grade six shall provide satisfactory evidence of current immunizations against meningococcal disease and any other age appropriate vaccines as a condition of entry into that grade.

Exemptions from Immunization Requirements

A two-month period will be allowed from the time the immunization is due until it is considered overdue. Medical, religious, and philosophic exemptions will be allowed for compliance with regulations concerning day care attendees and school enterers. Only medical and religious exemptions will be allowed for compliance with regulations concerning public assistance recipients. A copy of the current Office of Public Health immunization schedule can be obtained by writing to the Immunization Program, Office of Public Health, 4747 Earhart Boulevard, Suite 107, New Orleans, Louisiana 70125 or by telephone (504) 483-1905 or toll free 1-800-251-2229

Injuries/Accident Insurance

The school is not responsible for medical costs associated with a student’s injury nor is the school responsible for medical costs associated with injuries to parents, visitors, or volunteers. At the beginning of each school year, the school does make available, however, an optional, low-cost student accident insurance program to assist parents in meeting medical expenses. A parent who desires coverage for his or her student will be responsible for paying insurance premiums and submitting claims.

Investigations and Searches

Students shall not place, keep, or maintain any article or material prohibited by school policy or that would lead school officials to reasonably believe that it would cause a substantial disruption at school or at a school-sponsored or school-related function. Executive Directors and teachers have the right to question students regarding their conduct or the conduct of others.

School staff may search a student’s outer clothing, pockets, or property by establishing reasonable suspicion or securing the student’s voluntary consent. However, consent obtained through threat of contacting parents or the police authorities is not considered to be voluntarily given.

Student lockers, desks/offices, backpacks, vehicles parked on campus, and any other area that is owned or jointly controlled by the school, are under the jurisdiction of the school. As such, they may be searched any time there is reasonable cause to believe that they contain articles or materials prohibited by school policy, with or without the presence of the student. The parent will be notified if any prohibited items are found in the student’s possession.

Random Drug Searches [M] [H]

In order to ensure a drug-free learning environment, the school conducts random drug searches of the school facilities. The school may use trained dogs to alert school officials to the presence of prohibited or illegal items, including drugs and alcohol. At any time, trained dogs may be used around lockers and the areas around vehicles parked on campus. Searches of classrooms, common areas, or student belongings may also be conducted by trained dogs when students are not present. An item in a classroom, a locker, or a vehicle to which a trained dog alerts may be searched by school officials.
Law Enforcement Agencies

Procedures for Law Enforcement Interviews

The following procedures shall be followed when law enforcement officers and other lawful authorities want to question or interview a student at the school:

1. The school shall verify and record the identity of the official and request an explanation of the need to question or interview the student at school.
2. The school shall make reasonable efforts to notify the student's parent.
3. Unless prohibited by law or when the student has been arrested or taken into police custody, a school staff member shall be present during the questioning or interview.

When the investigation involves allegations of child abuse, special rules apply (see "Child Abuse Reporting and Investigations," p. 18).

Procedures for Assuming Custody of Student

The school shall permit a student to be taken into custody:

1. pursuant to an order of the juvenile court;
2. pursuant to the laws of arrest;
3. by a law enforcement officer if there is probable cause to believe the student has engaged in conduct that violates a penal law, delinquent conduct or conduct in need of supervision, or conduct that violates a condition of probation imposed by the juvenile court;
4. by a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court;
5. pursuant to a properly issued directive to apprehend; or
6. by an authorized representative of the Louisiana Department of Children and Family Services, a law enforcement officer, or a juvenile probation officer.

Medication Policies

The Louisiana State Legislature passed a law concerning medication administration in public schools. (R.S. 17:436, Act 87) Lincoln Preparatory School has adopted its Medication Guidelines to comply with this law. Lincoln Preparatory School has a "no tolerance" policy for students in possession of medication of any kind, including herbal supplements, vitamins, and all over-the-counter medications, including cough drops/lozenges. All medications must be delivered and picked up by a parent or guardian. Students are not allowed to drop off or take home their medication(s) from the school clinic. All medications are to be stored in the first aid office with the exception of prescribed medications for the treatment of asthma, anaphylaxis, and diabetes. Please see the designated health person on your campus if your child has one of these conditions.

Students with asthma or anaphylaxis may carry prescribed inhalers or medications, provided written authorization from the parent or guardian is given to the campus, as well as a written statement from the student's physician or licensed health care provider stating that the student has asthma or anaphylaxis and is capable of self-administering the prescribed medication.

The campus may provide you with a form if one is needed. The physician must also provide written information of the name and purpose of the medication and the prescribed dosage. All medications must be examined and approved by the designated health person and must also have the prescription label on the medication.

In accordance with a student's individual health plan for management of diabetes, a student with diabetes will be permitted to possess and use monitoring and treatment supplies and equipment while at school or at a school-related activity.

All other medications must be stored in the campus clinic in the original container clearly labeled with the student's name. Failure to store medication in the campus clinic or follow the above mentioned procedure may result in serious disciplinary action.

Medication Guidelines:

1. All medication must be stored in the clinic except in special circumstances for a student with asthma, diabetes, or a life threatening allergy.
2. All prescription medication MUST be in the original container with pharmacy prescription label. No more than two weeks' supply of medication in a prescription labeled bottle shall be brought to the clinic at one time. ALL prescription medication will be counted and documented upon arrival to the clinic.

3. Over the counter medication MUST be in the original container with the student's name on the container. Due to limited storage, no more than a 30-count container shall be stored in the clinic. Over-the-counter medications may be left in the clinic during the entire school year with a parent's signature. We are unable to store any medication at the school during the summer and will dispose of all medication left in the clinic after the last day of school.

4. Over-the-counter medications will be given according to the label on the package unless otherwise directed by a physician.

5. Over-the-counter medications will not be given for more than 5 consecutive school days without a physician's signature.

6. Medication Administration Form must be complete with parent's signature.

7. Medications are to be brought to the clinic by the parent or guardian. Only an adult may pick up medications from the clinic.

8. All prescription medication given over 10 days will require a physician's signature.

9. No medication container may contain more than one (1) type of medication.

10. Medications prescribed or requested to be given three (3) times per day or less are not to be given at school unless it is determined that a special need exists.

11. A student MAY NOT share medication with another student. Siblings MAY NOT share medication.

12. Campus personnel do not administer dietary or herbal supplements.

Psychotropic Drugs
A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication. It is intended to have an altering effect on perception, emotion, or behavior and is commonly described as a mood- or behavior-altering substance.

Teachers and other district employees may discuss a student's academic progress or behavior with the student's parents or another employee as appropriate; however, they are not permitted to recommend use of psychotropic drugs.

Prescription Medication
Prescription medication administered during school hours must be prescribed by a physician or advanced nurse practitioner ("ANP") and filled by a pharmacist licensed in the State of Louisiana.

Prescription medication labels must include the student's name and instructions, and be clearly legible. Written instructions from a physician or ANP are required and must include the following information:

1. name of the student,
2. name of the medication,
3. reason the medication is being given,
4. specific amount to be given,
5. time the medication is to be given, and
6. the method used to administer the medication.

Changes to daily medications require written instruction from the physician or ANP and written permission from the parent. Parents are responsible for advising the school office that a medication has been discontinued.

Medications at school:

1. will be limited to those which cannot be administered before or after school.
2. must be transported to and from school by a parent or guardian. Please do not send Medication to school with your child.
3. must be in a pharmacy-approved container with a prescription label. This label should include a prescription number, child's name, name of medication, dosage and frequency, physician's name, date, and pharmacist's name.
4. will be limited to a one-month supply.
5. must be in correct dosage form. If a child is to receive a ½ pill, the pills should
already be cut in half. A medication measuring spoon should accompany all liquids.

6. must have the first dose given at home.

7. No OTC (Over the Counter) medication will be given at school.

8. No antibiotics will be given at school.

**Asthma and Anaphylaxis Medication**

Asthma and anaphylaxis are life-threatening conditions, and students with those conditions may be allowed to possess and self-administer prescription medications for those conditions during the school day or at school-related events.

Student possession and self-administration of asthma or anaphylaxis medication at school require the student to demonstrate his or her ability to self-administer the medication for the physician or licensed health care provider and the Executive Director.

Requirements also include written authorization from the student's parent and physician or other licensed health care provider on file in the school office indicating the student is capable of independently administering his or her own asthma or emergency anaphylaxis medication.

With these safeguards in place, the student may possess and self-administer his or her prescribed medication at his or her discretion during school hours or at school-related events.

Written authorizations to self-administer asthma or anaphylaxis medication should be updated annually unless otherwise indicated by the physician.

Medication in a student's possession must be in an original container with a prescription label. Please note that most pharmacies will place a label on the inhaler devise upon request.

**Diabetes Management**

Students with diabetes may possess equipment and medication used in the treatment of diabetes during the school day and at school-related events given certain conditions. An unlicensed diabetes care assistant, in accordance with the diabetes management and treatment plan on file for a student, may provide diabetes care to a student, or assist a student in the self-care of his diabetes, including [...] (a) Checking and recording blood glucose and ketone levels. [...] (d) Administering, or assisting a student in administering, insulin through the insulin delivery system prescribed in the student's diabetes management and treatment plan. R.S. 17:436(C)(4). - See more at: http://www.diabetes.org/living-with-diabetes/parents-and-kids/diabetes-care-at-school/legal-protectons/school-laws-and-policies/state-laws-and-policies-display.html?state=LA#sthash.RpcZA4kj.dpuf

A treatment plan must be developed and implemented by the student's parent and the physician responsible for the student's diabetes treatment. This plan must evaluate the student's ability to manage diabetes and his or her level of understanding of diabetes and must be signed by the parent and physician responsible for the student's diabetes treatment. An individual health plan must be implemented by the school and must incorporate components of the student's diabetes management and treatment plan.

In accordance with the student's individualized health plan, which incorporates the diabetes management and treatment plan signed by the parent and physician that indicates the student's ability to manage diabetes and his or her level of understanding of diabetes, a school shall permit a student to attend to the management and care of his or her diabetes, which may include:

1. performing blood glucose level checks;
2. administering insulin;
3. treating hypoglycemia and hyperglycemia;
4. possessing necessary monitoring and treatment equipment designed for diabetes care; and
5. attending to the management of his or her diabetes in the classroom, in any area of the school grounds, or at any school-related activity.

**Mental Health Service**

Lincoln Preparatory School will partner with parents to support the healthy mental, emotional,
and behavioral development of its students. If you are concerned about your child, please access the following Web sites or contact the school for more information related to mental health services and to find mental health services available in your area.

Physical Restraint
School staff may, within the scope of their duties, use and apply physical restraint to a student that they reasonably believe is necessary in order to:

1. protect a person, including the person using physical restraint, from physical injury;
2. obtain possession of a weapon or other dangerous object;
3. protect property from serious damage;
4. remove from a specific location a student refusing a lawful command of school staff, including a classroom or other school property, in order to restore order or impose disciplinary measures;
5. restrain an irrational student; or
6. prevent student from fleeing when fleeing would put other students or others in danger.

Surveillance Cameras/
Video Recordings
For safety purposes, including the maintenance of order and discipline, surveillance cameras may be used to monitor student behavior in classrooms, on school vehicles, and school common areas. Video recordings may be reviewed routinely to document student misconduct and used by school staff when investigating an incident. **Tapes and other video recordings will not be available for parent viewing due to the Family Educational Rights and Privacy Act (“FERPA”).**

Substance Abuse Prevention
And Intervention
If you are worried that your child may be using or is in danger of experimenting, using, or abusing illegal drugs or other prohibited substances, please contact the school office. The school office can provide a list of community resources that may be of assistance to you.

Lincoln Preparatory School is dedicated to providing a drug-free learning environment for the students attending public schools. The Board directs that each student shall be specifically prohibited from being under the influence of, bringing on, consuming, or having in his/her possession on a school bus, on school premises, or at a school function away from the school, any alcoholic beverages, intoxicating liquors, narcotic drugs, prescription medications, marijuana, inhalants, imitation or counterfeit controlled substances, or other controlled substance as defined by state statutes, unless dispensed by a licensed physician as allowed by law.

Any student found in violation of the above shall be suspended and recommended for expulsion by the principal. Any violations of criminal laws, state or federal, committed on school property shall be prosecuted as provided by law. School officials, teachers and/or Board employees shall report all violators to the principal, who in turn, shall notify the proper law enforcement agency and shall cooperate with the prosecuting attorney’s office in the prosecution of charges.

Any student who distributes, sells or dispenses in any manner or form whatsoever a controlled dangerous substance as defined by state law to another student or anyone else while on the school premises shall be expelled pursuant to the provisions and guidelines as set forth in state law.

The principal shall immediately notify the parents or guardian, by telephone, of any student found in violation of this policy. If the parents or guardian cannot be reached by phone, the principal shall then notify them of the action by sending a letter within twenty-four (24) hours. Care shall be given to afford due process to all students.

**REPORTS OF SUBSTANCE ABUSE**
State law mandates that teachers and other school employees report suspected substance abuse in school. These cases shall be reported to the principal and the Student Assistance Team in the school. The principal must report each case of possession, distributing, sales or manufacturing to the proper law enforcement authority. Reports shall also be made to the Student Assistance Team.
at each school, who shall investigate, research, and report on instances or reports of possession of prohibited substances or beverages. Designated personnel shall report its findings along with the recommendation for treatment, counseling or other appropriate action to the principal.

DRUG-FREE ZONES

It is unlawful for anyone to use, distribute, be under the influence of, manufacture or possess any controlled substances as defined by statute on or around school property or an area within 1000 feet of any property used for school purposes by any school, or on a school bus. These areas shall be designated as Drug-Free Zones.

The School Board, in cooperation with local governmental agencies, and the State Department of Education, shall designate and mark Drug-Free Zones which surround all schools and school property.
SECTION III:
ACADEMICS AND
GRADING

Carnegie Credit and Credit
Flexibility (Bulletin 741, Section
2314)

1. Students may earn Carnegie credit as
middle school and high school students in
two ways:
   a. By passing a course in which the
      student is enrolled and meeting
      instructional time requirements,
as set forth below; or
   b. By demonstrating proficiency as
      set forth below.

2. When awarding credit based on
instructional time, LEAs shall provide a
minimum of 7,965 minutes for one
Carnegie credit, and students shall be in
attendance for a minimum of 7,515
minutes. In order to grant one-half
Carnegie credit, LEAs shall provide a
minimum of 3,983 minutes, and students
shall be in attendance for a minimum of
3,758 minutes.

3. When awarding Carnegie credit based on
demonstrated proficiency, LEAs must
inform the LDE of the following on behalf
of any student or group of students: a. the
name of the examination used to measure
proficiency, if nationally recognized, or b. a
copy of the examination used to
measure proficiency, if locally developed
or not nationally recognized and the score
required to demonstrate proficiency; or c.
a listing of requirements to demonstrate
proficiency through portfolio
submissions.

4. Students enrolled in a course for the first
time, which is not a credit recovery
course or part of an accelerated program,
shall only earn credit according to the
pathway in Paragraph A.1.of this Section
once the school year has begun. a. If a
student fails a course, but meets the
standard of proficiency on the end-of-
course exam, the student may retain that
score to be factored into their final grade
in either a credit recovery course or a
repeat of the traditional course.

5. Proficiency in a course with a state
administered End of Course exam must be
demonstrated using the End of Course
exam.

6. The LDE may require revisions of
assessments in order to ensure that they
adequately measure proficiency.

7. Students meeting the requirements for
Carnegie credit based on proficiency shall
have the course title, the year proficiency
was demonstrated, and the unit of credit
earned entered on their transcript. a. LEAs
determine whether to award the letter grade earned on the proficiency
assessment(s) or a P (pass) when a
student demonstrates proficiency.

Class Rank for Determining
Valedictorian and Salutatorian
[H]

Beginning with the graduating class of 2016-
2017, senior class rank will be determined by the
students’ weighted grade point average, including
all subjects in grades 9-12. Co-valedictorians will
be recognized if these students have earned
exactly the same grade point average.

In the event that a co-valedictorian is recognized,
there will be a salutatorian also. To be
considered for valedictorian and salutatorian,
the students must be enrolled in that school
for the entire senior year and must have been
in attendance in this school system for the last
four (4) semesters of high school. This does not
prevent other honors being bestowed. However, a
student cannot have been in high school for more
than eight (8) semesters.

Certificate of Achievement [H]

Certificate of Achievement is an exit document
issued to a student with a disability after he or she
has achieved certain competencies and has met
specified conditions as listed below. The receipt of
a Certificate of Achievement shall not limit a
student’s continuous eligibility for services under
these regulations unless the student has reached the age of 22.

1. Eligible students must meet the following Provisional Eligibility Criteria to be awarded a Certificate of Achievement:

2. The student has completed at least 12 years of school or has reached the age of 22 (not to include students younger than 16).

3. The student has met attendance requirements according to Bulletin 741.

4. Transition planning has been completed and documented.

5. The student participated in LEAP Alternate Assessment (Level 1 or 2);

6. This student addressed the general education curriculum as reflected on the student's IEP.

Credit Recovery [H]

Credit recovery refers to instructional programs for students who have failed courses taken previously.

LEAs may develop credit recovery programs which are self-paced and competency-based.

1. Students earning Carnegie credit in a credit recovery course must have previously taken and failed the course.

2. Students shall not be required to meet attendance requirements for credit recovery courses.

3. Credit recovery courses must be aligned with the state's content standards.

4. Credit recovery courses taught in a classroom setting using computer software programs designed for credit recovery must be facilitated by a certified teacher.

   a. Additional instruction to cover standards and grade-level expectations not included in the software programs shall be provided by a teacher properly certified in the content area.

5. The end-of-course exam weight in a student's final grade determined by the LEA shall be the same for a traditional course and a credit recovery course. Students who have previously passed the end-of-course exam, but have failed the course, may choose to retain their previous end-of-course exam score in lieu of participating in an additional administration of the exam.

Dual Enrollment [H]

The following policies apply to students attending colleges or other post-secondary institution on a part-time basis.

1. The principal of the high school shall approve in advance the course to be pursued by the student in college.

2. The student shall meet the entrance requirements established by the college.

3. The principal of the high school shall verify that the contents of the college course meet the standards of the high school course for which the student is receiving credit.

4. The student shall earn at least two or three college hours of credit per semester. A course consisting of at least two college hours shall be counted as no more than one unit of credit toward high school graduation.

5. The high school administrator shall establish a procedure with the college to receive reports of the student's class attendance and performance at six- or nine-week intervals.

6. College courses shall be counted as high school subjects for students to meet eligibility requirements to participate in extra-curricular activities governed by voluntary state organizations.

7. Students may participate in college courses and special programs during regular or summer sessions.

8. For gifted students, entry into a college course for credit shall be stated in the student's IEP.
Grade Level Classification [H]

Grade level classification of students is composed of two requirements:

- Units of credit for each grade
- Sequence of courses for each grade and prerequisites for each course as described:

  Freshmen: 0 – 5 units of credit
  Sophomore: 5 ½ - 11 units of credit
  Junior: 11 ½ - 17 units of credit
  Senior: 17 ½ units of credit

Graduation Expenses [H]

Because students and parents will incur graduation expenses—such as the purchase of invitations, senior ring, cap and gown, senior pictures, etc.—both students and parents should monitor progress toward completion of all requirements for graduation.

High School Graduation Programs [H]

1. General requirements for a high school diploma and a Certificate of Achievement may be found in §2317 of Bulletin 741.

2. A Louisiana state high school diploma cannot be denied to a student who meets the state minimum high school graduation requirements; however, in those instances in which BESE authorizes an LEA to impose more stringent academic requirements, a school system diploma may be denied. (Bulletin 741 §2317)

3. Graduation requirements for the College Diploma may be found in §2318 of Bulletin 741, including the requirements for the following students:
   a. Students who entered the ninth grade prior to 2008-2009,
   b. Students entering the ninth grade in 2008-2009 to 2013-2014 who are completing the Louisiana Core 4 Curriculum, and
   c. Students entering the ninth grade in 2008-2009 to 2013-2014 who decide after their second year of high school to complete the Basic Core Curriculum.

4. Graduation requirements for the TOPS University Diploma may be found in §2318 of Bulletin 741, including the requirements for the following students:
   a. Students who entered the ninth grade in 2014-2015 and beyond

5. Graduation requirements for the Career Diploma may be found in §2319 of Bulletin 741.
   a. A student who seeks to pursue a Career Diploma shall:
      i. Fulfill the all the requirements for promotion to high school;
      ii. Fulfill the course requirements for a Career Diploma found in Bulletin 741 §2319;
      iii. Meet the entry or admissions requirement set forth in the chosen Career Major program.

6. Students may switch from the Career Diploma pathway to the College Diploma pathway or vice versa at the end of each semester. (Bulletin 741 §2317 G. and H.)

7. In addition to completing at least the minimum Carnegie credits, students must meet the assessment requirements to earn a College diploma, TOPS University Diploma, or a Career Diploma. (Bulletin 741 §2318 B. and §2319 B.)
   a. Incoming freshmen prior to 2010-2011 must pass the English Language Arts and Mathematics components of the GEE or LAA 2 and either the Science or Social Studies components of the GEE or LAA 2 to earn a high school diploma.
      i. Students with disabilities identified under the Individuals with Disabilities Education Act shall be eligible for a waiver if the student meets all other graduation requirements and is able to pass two of the three required components of GEE or LAA 2, if the DOE review determines the student’s disability significantly impacts his/her ability to pass the final required GEE test. (Bulletin 741 §2318 B. and §2319 B.)
b. Incoming freshmen in 2010-2011 and beyond must pass End-of-Course Tests in the following categories:
   i. English II or English III
   ii. Algebra I or Geometry
   iii. Biology or American History

c. Students with disabilities identified under IDEA who meet the eligibility criteria previously used for LAA 2 participation and have entered high school in 2013-14 or before may meet the graduation assessment requirements by passing the English language areas and mathematics components of the LAA 2 and either the science or social studies component of LAA 2.

d. Students with disabilities identified under the Individuals with Disabilities Education Act shall be eligible for a waiver if the student meets all other graduation requirements and is able to pass two of the three required EOC tests, and if the DOE review determines the student's disability significantly impacts his/her ability to pass the final required EOC test. (Bulletin 741 §2318 B. and §2319 B.)

8. If a student with a disability has not met state-established benchmarks on state assessments for any two of the three most recent school years prior to high school, or for the two most recent administrations of any state-established assessments required for graduation, the IEP team may determine if the student is required to meet state or local established performance standards on any assessment for purposes of graduation. (Bulletin 1530 §405).

**Honor Graduates [H]**

All seniors who compile a grade point average of 3.9500 and above shall be designated as graduating **Summa Cum Laude**.

All seniors who compile a grade point average in the range of 3.8500 to 3.9400 shall be designated as graduating **Magna Cum Laude**.

All seniors who compile a grade point average in the range of 3.500 to 3.8400 shall be designated as graduating **Cum Laude**.

---

**Participation in Graduation Ceremony**

A student may participate in graduation ceremonies and activities if he/she has satisfactorily completed all required course credits and passed all exit exams. Participation in the graduation ceremony does not constitute “graduation” and the receipt of a diploma. After final records are completed and submitted to the state, student records will be released.

**Physical Education**

Louisiana State Physical Education Standards are based on the National Physical Education Standards developed by the National Association for Sport and Physical Education. This standards document is not a state curriculum or a predetermined course of study; rather, it speaks of competencies, defining what a student should know and be able to do.

Teachers in the state of Louisiana are encouraged and empowered to create their own physical education curriculum that would best help their students meet these standards.

**Requirements K–8 [E] [M]**

Louisiana mandates 150+ minutes of physical education per week in grades K-8, but it does not require daily recess.

**Requirements 9–12 [H]**

The state also requires high schools to provide physical education to their students. The state requires students to earn 1.5 physical education credits for graduation.

**Physical Education Exemption**

Exemptions are granted for health reasons only.

**Physical Education Substitutions [M] [H]**

The state permits school districts or schools to allow students to substitute JROTC for their required physical education credit. Questions
regarding the process of yearly approval should be addressed to the Executive Director.

**Promotion Standards K-8**

Based upon local school board policy pursuant to these guidelines, each teacher shall, on an individualized basis, determine promotion or placement of each student [Act 750, R.S. 17:24.4 (G)]. Local school board policies relative to pupil progression will apply to students placed in regular education programs, as well as to exceptional students and to students placed in alternative programs. Placement decisions for exceptional students must be made in accordance with the least restrictive environment requirements of state and federal laws.

**Requirements of the Louisiana Educational Assessment Program**

1. Students must be proficient in certain tests as determined by the BESE before he or she can be recommended for promotion. (R.S. 17:24.4)

2. In addition to completing at least the minimum Carnegie units of credit as required by BESE, the student shall meet assessment requirements to earn a standard high school diploma. (Bulletin 741 §2318 and §2319)

3. At the conclusion of the school year, placement decisions for fourth students shall be made according to local pupil progression plans, which shall outline the evidence of student learning used to make promotion decisions. Such evidence shall include, but not be limited to, performance on classroom assignments or benchmark assessments (Bulletin 1566 §701)

4. At the conclusion of the 2015-2016 school years, LEAs shall follow the guidelines set forth in §701.B of Bulletin 1566 to determine, based on evidence of student learning, whether eighth grade students may be promoted to the ninth grade or placed on a high school campus in transitional ninth grade. The percentage of an LEA’s eighth graders placed in transitional ninth grade is expected to remain stable over time. In the event that the percentage of an LEA’s eighth graders placed in transitional ninth grade in 2015-2016 exceeds the percentage of eighth graders in that LEA eligible for transitional ninth grade at the conclusion of the 2013-2014 school year, the local superintendent of that LEA shall provide a written justification to the state superintendent. (Bulletin 1566 §503)

6. IEP teams shall determine promotion to the next grade level for a student with a disability who fails to meet state or local established performance standards on any assessment for purposes of promotion. Such determination shall be made only if, in the school year immediately prior, the student has not otherwise met the local requirements for promotion. (Bulletin 1530 §403)

7. Students with disabilities participating in the state testing program must be provided with accommodations as noted in the students’ Individual Education Program (IEP). (Bulletin 118 §3301)

9. Students with disabilities who participate in the LEAP Alternate Assessment, Level 1 (LAA 1) shall have promotion decisions determined by the IEP Team. (Bulletin 1530 §401.)

10. LEP students shall participate in statewide assessment. The SBLC shall be granted the authority to waive the state’s grade promotion policy for a LEP student. A LEP student who was granted a waiver at the 4th grade level is ineligible for a waiver at the 8th grade level. (Bulletin 1566 §707 E)

**Promotion Standards – High School (9 – 12)**

In Grades 9 through 12, units are earned based on semester grades. An “A” through “D” or “P” will earn whatever units are possible for the course. An “F” will not earn any units. Students receiving a certificate of achievement and participating to the best of their ability should receive passing grades but not Carnegie units.

There is no limit to the number of Carnegie units a student may earn in any given year. Students must complete the minimum of 24 Carnegie units of credit. Students meeting the requirements for Carnegie credit based on proficiency shall have the course title, the year proficiency was demonstrated, P (pass), and the unit of credit earned entered on their transcript as per Bulletin 741. (See Appendix.)
A student who entered the ninth grade during the 1999-2000 school year and thereafter and who transferred to a Louisiana public school at or below the ninth grade shall take and pass the English Language Arts and Mathematics sections and either the Science or the Social Studies test of the Graduation Exit Exam (GEE21).

Approaching Basic achievement level or higher is considered passing. Prior to 2013-2014 school year, a student who is eligible for the Louisiana Alternate Assessment, Level 2 (LAA2) through an active IEP should take and pass with Approaching Basic or higher the English Language Arts, Mathematics, and either Science or Social Studies tests to earn a high school diploma.

A student who entered the ninth grade during the 2010-2011 school year and thereafter is required to score at the Fair achievement level or higher on the End-of-Course tests.

**Report Cards**

Parents must be kept informed about their student’s grades, overall performance, and absences. Therefore, report cards will be sent to parents at intervals corresponding with the grading period length used at any given school, typically ranging from six-week to nine-week intervals. Parents are requested to schedule a conference with their student’s teacher if he or she is not making adequate progress.

**Retention Policy**

A student will be retained not more than one time for failure to meet academic requirements in grades K-3.

**Special Needs Students**

**Bilingual/ESL Services**

The school offers Bilingual Education and English as a Second Language (ESL) services to students who are English Language Learners (ELLs). Students with a Home Language Survey identifying a language other than English is used at home are assessed with a state-approved oral language test and a norm-referenced test in reading and language arts. The results of those tests determine if a student qualifies for placement in the Bilingual or ESL program. Parents have a right to receive or deny Bilingual/ESL services. The student is placed in the appropriate program and provided with additional support. Both programs assist students in the development of language proficiency in listening, speaking, reading, and writing domains. Students are assessed for their progress in language and in academic content.

The Bilingual program is designed to provide ELLs with a full opportunity to access the curriculum and become competent in literacy and academic skills through instruction in English and in their native language. The Bilingual program is offered to students at selected elementary level campuses in Spanish and English. The goal of the program is to provide academic instruction and English language instruction simultaneously in order to support English language learners to master academic skills and become proficient in English. When students gain proficiency, they are removed from the program and placed in regular education.

The goal of the ESL program is to provide cognitive academic language support via English as the language of instruction to all identified ELLs to guarantee that they will be successful in an all-English curriculum going forward. Specific second-language-learning instructional strategies are used to help the English learner succeed in the English classroom.

**Special Education Services**

The school has the responsibility of identifying, locating, and evaluating individuals with disabilities who are 5 to 21 years of age and who fall within the school’s jurisdiction. If a parent knows or suspects their student has a disability, please contact the school’s Executive Director for information about available programs, assessments, and services.

Special education services are specifically designed to meet the unique needs of students with disabilities. Each student who receives special education services has an Individual Education Plan ("IEP") which is developed by the student’s Admission, Review, and Dismissal
("ARD") Committee. The ARD Committee considers the student’s disability and determines appropriate accommodations, supplementary aids, and/or services that are necessary for the student to participate in the general curriculum.

The designated person to contact regarding options for a child experiencing learning difficulties or a referral for evaluation for special education services is the Executive Director.

If a student is experiencing learning difficulties, the parent may contact the Executive Director to learn about the school's overall general education referral or intervention system for support services. This system links students to a variety of support options, including referral for a special education evaluation. Students having difficulty in the regular classroom should be considered for tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention ("RTI"). The implementation of RTI has the potential to have a positive impact to meet the needs of all struggling students.

At any time, a parent is entitled to request an evaluation for special education services. Within fifteen school days, the school must decide if the evaluation is needed. If evaluation is needed, the parent will be notified and asked to provide informed written consent for the evaluation. The school must complete the evaluation and the report within 45 calendar days of the date the school receives the written consent. The school must provide a copy of the report to the parent.

If the school determines that the evaluation is not needed, the school will provide the parent with a written notice that explains why the student will not be evaluated. This written notice will include a statement that informs the parents of their rights, if they disagree with the school. Additionally, the notice must inform the parent how to obtain a copy of the "Notice of Procedural Safeguards: Rights of Parents of Students with Disabilities."

The "Notice of Procedural Safeguards: Rights of Parents of Students with Disabilities" can be obtained from the school office or at the Louisiana Department of Education website: www.louisianabelieves.com/docs/default-source/academics/louisiana’s-educational-rights-of-children-with-disabilities.pdf?sfvrsn=12

For further information, please contact the Executive Director of Special Education at (972) 316-3663.

All special education services are provided in the least restrictive environment which may be special education settings, general education settings, or a combination of both. All students receiving special education services are educated to the maximum extent appropriate with their non-disabled peers as well as participating in all school activities on the same basis as students who are disabled.

Section 504 Services
To become eligible for services and protections under Section 504 of the Americans with Disabilities Act, a student must be determined, as a result of an evaluation, to have a "physical or mental impairment" that substantially limits one or more major life activities. If a student has, or is suspected of having, a disability under this act and requires special services, parents or teachers should contact the Executive Director for information concerning available programs, evaluation, and services. For further information, please contact the Section 504 Services Director at (972) 316-3663.

Services for Title I Participants
The Parent Involvement Coordinator who works with parents of students participating in Title I programs is the Executive Director and may be contacted at the school.

100% College Acceptance [H]

Lincoln Preparatory School seeks greater opportunities for students as they transition to adulthood. The ability to go beyond a high school diploma and onto college admission is an important consideration for any graduate. Each graduating student must have the capacity and confirmation that future opportunity is available through higher education. Therefore, each graduating student will apply to an institution of higher learning. The institute will be an authentic and established entity designed to award credits and offer courses of a scholarly nature, i.e., two-year or four-year colleges.

The campus administration will provide resources and assistance to students during this process. No student is required to attend an institution of higher learning upon graduation from high school. However, all students must have on file in the school office a letter or official document of record that confirms the student has been invited and has met all criteria to attend the institution before they are eligible to receive a high school diploma. The documented proof of admission must originate from the college or university official admission or administration department. This documentation will be verified by the campus administration before final approval of eligibility for diploma.
SECTION IV:
STUDENT CODE OF CONDUCT

Preface
To function properly, education must provide an equal learning opportunity for all students by recognizing, valuing, and addressing the individual needs of every student. In addition to the regular curriculum, principles and practices of good citizenship must be taught and modeled by the school staff. This includes an appreciation for the rights of others.

However, no school or school system can discharge these responsibilities if it permits students to act in an objectionable manner or to disregard rules and regulations adopted for the benefit of all persons. The school has both the responsibility and authority to enforce the Student Code of Conduct, question students, counsel them, and assign discipline when deemed appropriate.

Students live and function, as do adults, in the general community. As citizens, students are entitled to our society's benefits; but as citizens, they are also subject to its national, state, and local laws and rules governing various aspects of their conduct. Not all laws are easy to follow, nor need one necessarily agree with each and every law or rule. Often a law or a rule seems unjust or inappropriate, but the law or rule must be obeyed.

In much the same manner, students live and function in a second community as well—namely, the school community. Education confers its own benefits, but it, too, requires acceptance of individual responsibilities. It must at the same time have an orderly and manageable framework within which to operate.

The rules and standards set forth in this Handbook apply to conduct:
1. on school premises or on school vehicles or involving school property,
2. off school premises which directly affects other students or the school, and
3. at school functions of any kind.

This Handbook does not define all types and aspects of student behavior; however, the Board of Trustees has the responsibility to set forth policies, rules, and regulations to help each student conduct himself or herself in a proper manner as a good citizen of the school community. If changes in state law become effective after the printing of this Handbook, the state law will supersede the local policy.

The Board of Trustees and the Superintendent may establish written policies, rules, and regulations of general application governing student conduct in all schools. In addition, each Executive Director, within his or her school, may establish certain rules and regulations not inconsistent with those established by the Board.

Any conduct that causes or creates a reasonable likelihood that it will cause a substantial disruption in or material interference with any school function, activity, or purpose, or that interferes or creates a reasonable likelihood that it will interfere with the health, safety, or well-being or the rights of other students is prohibited.

A teacher may send a student to the Executive Director's office to maintain effective discipline in the classroom. In addition, a teacher may remove from class a student:
1. who has been documented by the teacher to repeatedly interfere with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn; or
2. whose behavior the teacher determines is so unruly, disruptive, or abusive that it seriously interferes with the teacher's ability to communicate effectively with the students in the class or with the ability of the student's classmates to learn.

The Charter Board has authorized detention, in-school and out-of-school suspension, and expulsion as methods of disciplining students and the Board has also given authority to the Executive Director or his designee to use any other disciplinary actions which, in his or her judgment, is appropriate for the violation.
Responsibilities of Staff, Parents, and Students

Each member of the school community must fulfill certain responsibilities if a positive learning environment is to be achieved. A cooperative relationship among staff, parent, and student requires that:

School Staff
1. maintain an atmosphere conducive to good behavior;
2. are in regular attendance and on time, and are prepared to perform their duties with appropriate working materials;
3. exhibit an attitude of respect toward individuals and property and conduct themselves in a responsible manner;
4. plan a flexible curriculum to meet the needs of all students;
5. promote effective training and discipline based upon fair and impartial treatment of all students;
6. encourage parents to keep in regular communication with the school and encourage parental participation in school affairs;
7. develop a cooperative working relationship among staff and students; and
8. obey school policies and regulations.

Parents
1. ensure their student’s compliance with school attendance requirements and promptly report and explain absences and tardies to the school;
2. assist their child in being properly attired;
3. take an active interest in the overall school program;
4. communicate regularly with the school concerning their student’s conduct and progress;
5. discuss report cards and work assignments with their student;
6. bring to the attention of school authorities any problem or condition that affects their student;
7. maintain up-to-date home, work, and emergency telephone numbers at the school;
8. cooperate with the Executive Director and teachers in their efforts to achieve and maintain a quality school system; and
9. provide transportation for their student to and from mandatory tutorials and Saturday school.

Students
1. attend all classes daily and on time;
2. prepare for each class, taking appropriate materials and assignments to class;
3. meet school standards of grooming and dress;
4. exhibit an attitude of respect and courtesy toward individuals and property, and conduct themselves in a responsible manner, always exercising self-discipline;
5. refrain from making profane, insulting, threatening, or inflammatory remarks;
6. refrain from engaging in disruptive conduct or cheating;
7. obey all school and classroom rules;
8. seek changes in school policies and regulations in an orderly and responsible manner through approved channels;
9. respect the rights and privileges of students, teachers, and other staff and volunteers;
10. cooperate with and assist the school staff in maintaining safety, order, and discipline; and
11. adhere to the requirements of the Student Code of Conduct.

Jurisdiction
The school may discipline a student for any violation of the Student Code of Conduct committed while a student is:
1. on school property;
2. within 1,000 feet of school property as measured from any point on the real property boundary line;
3. attending any school-related or school-sponsored activity no matter when or where it takes place;
4. on the property of another school;
5. attending another school’s school-sponsored or school-related activity; or
6. off school property, if
   a. the violation causes a material and/or substantial disruption at school, or
   b. it is reasonably foreseeable to school officials that the violation will cause a material and/or substantial disruption at school.

**Code of Conduct Violations**

**Abuse**

Actions or threats of actions which constitute verbal or physical abuse of any employee or volunteer of the school by a student or any other individual will not be tolerated. Appropriate measures necessary to correct these situations shall be taken by the school, including expulsion.

**Academic Dishonesty**

Students found to have engaged in academic dishonesty shall be subject to grade penalties on assignments or tests and disciplinary penalties in accordance with the Student Code of Conduct.

Academic dishonesty includes cheating or copying the work of another student, plagiarism, and unauthorized communication between students during an examination. The determination that a student has engaged in academic dishonesty shall be based on the judgment of the classroom teacher or other supervising professional employee, taking into consideration written materials, observation, or information from students.

**Alcoholic Beverages**

Any student found to have sold, given, delivered, been in possession of, or been under the influence of any alcoholic beverage while in school or while a participant in or spectator of a school-sponsored event, shall be subject to disciplinary penalties in accordance with the Student Code of Conduct. An “alcoholic beverage” means any beverage containing alcohol, including wine or beer. A student is considered “in possession” if he or she has contact with the alcohol regardless of the amount of time it is in the student’s possession. If a student becomes in possession of alcohol, he or she needs to immediately inform an adult on campus. The smell of alcohol detectable on one’s breath is sufficient evidence to indicate being “under the influence.”

**Bomb Threats**

Any threat of this type will not be tolerated. A student making a bomb threat will be subject to expulsion and dealt with to the full extent of the law.

---

**Bullying**

Lincoln Preparatory School is committed to maintaining a safe, orderly, civil and positive learning environment so that no student feels threatened while in school or participating in school-related activities. Students and their parents/guardians shall be notified that the school, school bus, and all other school environments are to be safe and secure for all. Therefore, all statements or actions of a bullying, (sexual, racial, etc.) intimidating, threatening, harassing, hazarding or any other violent nature made on campus, at school-sponsored activities, on school buses, at school bus stops, and en-route from home to the bus stop and from the bus stop home shall not be tolerated. Even if made in a joking manner, these statements or actions threatening other students, school personnel, or school property shall be unacceptable. All students, teachers, and other school employees shall take prompt responsible measures within the scope of their individual authority to prevent violations of this policy.

**Bullying, Intimidation, Harassment**

Bullying, intimidation and harassment shall mean any intentional gesture or written, verbal, or physical act that a reasonable person under the circumstances should know will have the effect of harming a student or damaging his/her property or placing a student in reasonable fear of harm to his/her life or person or damage to his/her property and is so severe, persistent, or pervasive that it creates an intimidating, threatening or abusive educational environment for a student. Threats, harassment, intimidation, and bullying, including cyberbullying, shall also include anything maliciously written, printed, or communicated through the use of a computer or other electronic means, any verbal or physical act to the person, property, or reputation of another, with the intent to compel the person so threatened or any other person, to do any act, or refrain from doing any act, against his or her will.

**Hazing**

Hazing shall mean any knowing behavior, whether by commission or omission, of any student to encourage, direct, order, or participate in any activity which subjects another student to potential physical, mental, or psychological harm for the purpose of initiation or admission into, affiliation with, continued membership in, or acceptance by existing members of any organization or extracurricular activity at a public elementary or secondary school, whether such behavior is planned or occurs on or off school property, including any school bus and school transportation.
bus stop. Hazing does not mean any adult-directed and school-sanctioned athletic program practice or event or military training program. Any solicitation to engage in hazing, and the aiding and abetting another person who engages in hazing shall be prohibited. The consent, stated or implied, of the hazing victim shall not be a defense in determining disciplinary action.

**Reporting Procedures**

Any student who believes he or she has been the victim of bullying, intimidation, threatening behavior, harassment or hazing by a student, teacher, administrator or other school personnel, or by any other person who is participating in, observing or otherwise engaged in activities including sporting events and other extracurricular activities, under the auspices of the school is encouraged to immediately report the alleged acts to any appropriate school district official.

Any teacher, administrator, or other school personnel who has or receives notice that a student has or may have been the victim of bullying, intimidation, threatening behavior, harassment, or hazing at school or any school activity shall be required to immediately report the alleged acts to an appropriate school official. The Executive Director shall be the person responsible at the school level for receiving oral or written reports of bullying, intimidation, threatening behavior, harassment, or hazing of a student. Any other school administrator, teacher, or other school personnel who receives a report of bullying, intimidation, threatening behavior, harassment or hazing of a student shall immediately inform the Executive Director or his/her designee. Upon receipt of a report, the building administrator shall investigate the allegations.

**Investigation of Complaints and Reports**

The Executive Director or his/her designee shall immediately investigate or authorize the investigation of complaints regarding bullying, intimidation, threatening behavior, harassment or hazing of students. Investigations may consist of personal interviews with the complainants or the individual who is alleged to have been bullied, intimidated, threatened, harassed or hazed, the individual or individuals against whom the complaint is made, witnesses, and any other persons who may have knowledge of the alleged incident or incidents or circumstances leading to or giving rise to the complaint. Other methods of investigation also may be used and pertinent documents may be examined by the investigator.

During the investigation, the school may take immediate steps, at its discretion, to protect the complainant, students, teachers, administrators or other school personnel pending completion of the investigation. Investigations shall be completed as soon as practicable. A written report shall be prepared upon the completion of the investigation. If the complaint involves the Executive Director, the report shall be made and filed directly with the Charter School Board.

The written report shall include determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy.

**Disciplinary Action**

The school district shall take prompt appropriate action in response to a report following an investigation of any alleged bullying, intimidation, threatening behavior, harassment, or hazing of a student. When the report determines that the alleged act or conduct appears to be in violation of this policy, immediate and effective correction action responsive to the act or conduct including effective actions to end the act or conduct, prevent its recurrence, and, as appropriate, remedy its effects shall be taken as outlined in the Student Code of Conduct. The Executive Director shall contact the parent, tutor, or legal guardian of the pupil being disciplined for alleged misconduct to notify them of the disciplinary action.

Whenever the act or conduct determined to be a violation of this policy may also constitute a violation of state or federal criminal statute, the appropriate law enforcement officer shall be promptly notified.

**Appeal**

The parent of a student disciplined for violation of this policy may appeal to the Executive Director or his/her designee no later than five (5) days after being notified of the disciplinary action. The Executive Director or his/her designee shall review all documentation regarding the incident, and if determined to be necessary by the Executive Director or designee, conduct a hearing on the matter. The results of the review or hearing shall be sent to the parents or legal guardian within three (3) school days. The decision of the Executive Director shall be final, except for a student expulsion, which may be appealed to the Charter School Board in accordance with statutory provisions.

**Dissemination of Policy**

This policy shall be conspicuously posted in each school in a place or places accessible to all students, teachers and other personnel. The school district shall develop a method for discussing this policy with students which shall take into account their level of understanding based upon their grade level or other
consideration generally applicable to students enrolled in the same class or grade. The school shall discuss this policy with administrators and teachers, and other school personnel whose employment duties bring them into contact with students.

Electronic Devices

Students are not permitted to possess electronic devices (e.g., electronic games, iPod and mp3 players, pagers, radios, cameras, etc.) at school, unless prior permission has been obtained from the Executive Director. Without such permission, teachers will collect the items and turn them in to the Executive Director’s office. The Executive Director will determine whether to return items to students at the end of the day or to contact parents to pick up the items.

For safety purposes, the school permits students to possess cell phones; however, cell phones must remain turned off and in a students locker during the instructional day, including during all testing. Students may use their cell phones before the beginning of the instructional day (7:30 AM) and after the instructional day (3:13 PM). Cell phones are PROHIBITED in the classroom.

Sending, sharing, viewing, or possessing pictures, text messages, e-mails, or other material of a sexual nature in electronic or any other form on a cell phone or other electronic device is prohibited and dealt with to the full extent of the law.

Electronic Equipment in the Classroom

Students may only use audio visual or electronic equipment in the classroom with permission of the teacher. These items include, but are not limited to, audio or video taping equipment. The school is not responsible for the damage, loss, or theft of these items.

CONDUCT WHILE RIDING IN SCHOOL VEHICLES

The Executive Director shall take steps to maintain acceptable student conduct while riding a school vehicle. Students who fail to follow the behavioral standards described in this Handbook may be denied the privilege of school transportation. Parental involvement will be sought before a student is excluded from riding a school vehicle, except in situations involving a flagrant violation. Flagrant violations include fighting, gross insubordination, and other acts that may cause a safety hazard. It should be understood by all that the driver has the responsibility for maintaining order in his or her school vehicle. It is the duty of the Executive Director—not the driver—to exclude a student from riding a school vehicle. However, the driver is not prohibited from exercising reasonable judgment in order to protect other passengers from bodily harm.

Disruptive Activity

In order to protect student safety and sustain an educational program free from disruption, state law permits the school to take action against any person—student or non-student—who:

1. interferes with the movement of people in an exit, an entrance, or a hallway of a school building without authorization from the Executive Director;
2. interferes with an authorized activity by seizing control of all or part of a building;
3. uses force, violence, or threats in an attempt to prevent participation in an authorized assembly;
4. uses force, violence, or threats to cause disruption during an assembly;
5. interferes with the movement of people at an exit or an entrance to school property;
6. uses force, violence, or threats in an attempt to prevent people from entering or leaving school property without authorization from the Executive Director;
7. disrupts the conduct of classes or other school activities while on school property or on public property that is within 500 feet of school property (disruption includes making loud noises; enticing, attempting to entice, preventing, or attempting to prevent a student from attending a required class or school activity; entering a classroom without the consent of either the Executive Director or the teacher and, through either acts of misconduct or the use of loud or profane language, disrupting class activities); or
8. interferes with the transportation of students in school vehicles.

Exposure

Inappropriate exposure of body parts, even without any sexual intent, is a serious offense and will be subject to disciplinary action.
Gambling
Students are forbidden to gamble in a school building or on school property.

Gang-Free Zones/Gang Activity
Any student found to have engaged in organized criminal activity, gang-related, and other criminal acts will be subject to appropriate disciplinary action. Student behavior considered to be "gang related" will not be tolerated at school or at any school activity regardless of the location of the activity. This includes, but is not limited to: articles of clothing, hand signs, graffiti, and any other behaviors considered by the administration to interfere with the educational program of the school.

Harassment on the Basis of Race, Color, Religion, National Origin, or Disability
Students must not engage in harassing behavior directed toward another student.

Students are expected to treat other students and school staff with courtesy and respect, to avoid any behaviors known to be offensive, and to stop these behaviors when asked or told to stop.

The school encourages parental and student support in its efforts to address and prevent harassment in any form in schools. Students and/or parents are encouraged to discuss their questions or concerns about the expectations in this area with a teacher or with their Executive Director.

A student who believes he or she has been harassed by another student or by school staff is encouraged to report in writing the incident to the Executive Director. The allegations will be investigated and addressed. A substantiated complaint against a student will result in appropriate disciplinary action, according to the nature of the offense and the Student Code of Conduct.

The student or a parent may appeal the decision of the Executive Director in accordance with the school grievance procedure (see “Student or Parent Complaints and Concerns,” p. 61).

Harmful Drugs
The use of “Harmful Drugs” poses a serious threat to the physical, psychological, and emotional health of individuals, their families, and their communities. In recognition of this fact, the school enforces this policy.

The term “Harmful Drugs” includes, but is not limited to, all those substances considered to be marijuana, dangerous drugs, narcotics, depressants, stimulant substances, controlled substances, and simulated controlled substances listed in the state and federal codes covering the possession, sale, and use of such controlled substances, drugs, and narcotics. The term also includes all forms and species of the plant substance known as marijuana as well as any addictive chemical substance used for inhalation such as glue, aerosol paint, thinners, etc.

Any student found to have had a Harmful Drug in his or her possession, or found to have been under the influence thereof while in school or while a participant in or spectator at a school-sponsored event, shall be subject to disciplinary penalties in accordance with the Student Code of Conduct. A student is considered “in possession” if he or she has contact with a Harmful Drug regardless of the amount of time it is in the student's possession. If a student becomes in possession of a Harmful Drug, he or she needs to immediately inform an adult on campus. Those students involved in selling or distributing a Harmful Drug while in school or while a participant in or spectator at a school-sponsored event will be subject to disciplinary penalties in accordance with the Student Code of Conduct. Other sanctions may include completion of a drug rehabilitation program or referral for prosecution.

A student may not keep in his or her possession any medication, even medication for which he or she has a prescription (see “Medication Policies,” p. 22). Failure to comply may result in Level II discipline. The only exception to this policy is doctor-prescribed asthma medication (see “Asthma and Anaphylaxis Medication,” p. 23).

Inappropriate Sexual Conduct
Inappropriate sexual conduct encompasses any inappropriate, indecent, or offensive act that implies or involves contact of a sexual nature.

Insensitivity to Others
Inappropriate verbal or physical behavior that is motivated due to race, ethnicity, culture, gender, or disabilities will not be tolerated.

Interference with School Activities or Discipline
Any student whose conduct, whether in class or out, materially and substantially interferes with
school activities, school-sponsored functions (whether on public or private property), or school discipline, or invades the rights of school staff or other students, shall be subject to disciplinary penalties in accordance with the Student Code of Conduct.

“Conduct” includes, but is not limited to, the following activities:

1. preparing, circulating, or presenting petitions;
2. displaying on or about his or her person, books, materials, locker or vehicle, symbols, arm bands, flags, pennants, signs, or other decorations; and
3. preparation, printing, publishing, or distributing any unauthorized publication, periodical, paper, pamphlet, magazine, or book.

**lockers: Security and Search**

Lockers, if provided by the school, are purchased, furnished, and maintained by the school and remain the property of the school. The decision to assign lockers rests with the Executive Director. No charges are made for their use. Items of non-school nature should not be placed or kept in lockers as they are subject to inspection at any time without prior notice to or permission from students. A student has full responsibility for the security of the locker and is responsible for making certain that it is locked and that the combination is not available to others. Searches of lockers may be conducted at any time, whether or not the student is present.

Any student who shall place, keep, or maintain any article or material in a school-owned locker that is of a non-school nature and materially and substantially interferes with, or the Executive Director has reasonable cause to believe would materially and substantially interfere with, school activities or school-sponsored functions or with the rights of school staff or other students, shall be subject to discipline.

**School Property**

A good citizen, among other things, takes pride in the care of school property, realizing that the appearance of the building and campus is a credit or discredit to him or herself, as well as to the student body in general.

Any student found to have intentionally, knowingly, or recklessly damaged or destroyed school property shall be required to compensate the school for the full extent of the damage and shall be subject to disciplinary measures. Students found to have intentionally, knowingly, or recklessly damaged or destroyed school property may be refused admittance to school or school-sponsored functions until full restitution has been made for such damages.

**Self Defense**

The privilege of self-defense is limited. A claim of self-defense in the use of physical force will not exempt a student from discipline when:

1. the student provokes, invites, or encourages the use of physical force by another person;
2. the student has an opportunity to avoid physical force or to inform school staff of the threatened use of force;
3. the student uses physical force after the other party abandons or attempts to abandon a fight or confrontation;
4. the student does not attempt to walk away from a confrontation; or
5. the student does not attempt to get help from school staff.

**Sexual Harassment**

Students must not engage in unwanted and unwelcome verbal or physical conduct of a sexual nature directed toward another student or school staff. This prohibition applies whether the conduct is by word, gesture, or any other sexual conduct, including requests for sexual favors. All students are expected to treat other students and school staff with courtesy and respect, to avoid any behaviors known to be offensive, and to stop these behaviors when asked or told to stop.

The school will notify the parents of all students involved in sexual harassment by student(s) and will notify parents of any incident of sexual harassment or sexual abuse by school staff. To the greatest extent possible, complaints will be treated as confidential. Limited disclosure may be necessary to complete a thorough investigation.

A complaint alleging sexual harassment by another student or sexual harassment or sexual abuse by school staff may be presented in writing by a student and/or parent in a conference with the Executive Director or designee or with the school Title IX Coordinator. Students who believe they are the subjects of sexual harassment by other students or school staff should report the incident immediately to a teacher, the Executive Director, or
the Title IX Coordinator. School staff members who receive complaints of sexual harassment are to report the matter as soon as practically possible to the Executive Director, the Title IX Coordinator, or staff with the authority to undertake investigations of sexual harassment complaints.

SECTION V:
PARENTAL RIGHTS

Surveys and Activities

Students will not be required to participate without parental consent in any survey, analysis, or evaluation—funded in whole or in part by the U.S. Department of Education—that concerns:

1. political affiliations or beliefs of the student or the student’s parent;
2. mental or psychological problems of the student or the student’s family;
3. sexual behavior or attitudes;
4. illegal, antisocial, self-incriminating or demeaning behavior;
5. critical appraisals of individuals with whom the student has a close family relationship;
6. relationships privileged under law, such as relationships with lawyers, physicians and ministers;
7. religious practices, affiliations, or beliefs of the student or parents; or
8. income, except when the information is required by law and will be used to determine the student’s eligibility to participate in a special program or to receive financial assistance under such a program.

Parents will be able to inspect the survey or other instrument and any instructional materials used in connection with such a survey, analysis, or evaluation.

“Opting Out” of Surveys and Activities

Parents have a right to receive notice of and deny permission for their student’s participation in:

1. any survey concerning the private information listed above, regardless of funding;
2. school activities involving the collection, disclosure, or use of personal information gathered from their student for the purpose of marketing or selling that information;
3. any non-emergency, invasive physical examination, or screening required as a condition of attendance, administered and scheduled by the school in advance and not necessary to protect the immediate health and safety of the student (exceptions are hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under state law).

Excusing a Student from Reciting a Portion of the Declaration of Independence

Parents may request that their student be excused from recitation of a portion of the Declaration of Independence. State law requires that students in social studies classes in grades 3–12 recite a portion of the text of the Declaration of Independence during Celebrate Freedom Week unless:

1. the parent provides a written statement requesting that their student be excused,
2. the school determines that the student has a conscientious objection to the recitation, or
3. the parent is a representative of a foreign government to whom the United States government extends diplomatic immunity.

Requesting Professional Qualifications of Teachers and Staff

Parents may request information regarding the professional qualifications of their student’s teachers, including:

1. whether a teacher has met state qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
2. whether the teacher has an emergency permit or other provisional status for which state requirements have been waived; and
3. undergraduate and graduate degree majors, graduate certifications, and the field of study of the certification or degree.

Parents also have the right to request information about the qualifications of any paraprofessional who may provide services to their student.
Annual Notice of Parent and Student Rights (Annual FERPA Confidentiality Notice)

The Family Educational Rights and Privacy Act ("FERPA") affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student’s educational records. These rights are:

The Right to Inspect and Review

Parents or eligible students have the right to inspect and review the student’s educational records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the Executive Director a written request that identifies the record(s) they wish to inspect. The school will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

If circumstances effectively prevent the parent or eligible student from exercising the right to inspect and review the student’s educational records, the school shall provide the parent or eligible student with a copy of the records requested or make arrangements for the parent or eligible student to inspect and review the requested records.

The school shall not destroy any educational records if there is an outstanding request to inspect and review the records under this section. The school may charge a fee for a copy of an education record that is made for the parent or eligible student, unless the imposition of a fee effectively prevents a parent or eligible student from exercising the right to inspect and review the student’s education records. The school will not charge a fee to search for or to retrieve the student’s educational records.

If the student’s educational records contain information on more than one student, the parent or eligible student may inspect and review or be informed of only the specific information about that student.
The Right to Seek Amendment of the Student’s Educational Records

Parents or eligible students may ask the school to amend a record that they believe is inaccurate, misleading, or in violation of the student’s privacy rights. Parents or eligible students should submit to the Executive Director a written request that clearly identifies the part of the record they want changed, and specifies why it is inaccurate, misleading, or in violation of the student’s privacy rights. The school will decide whether to amend the record as requested within a reasonable time after the school receives the request. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing to challenge the content of the student’s education records on the grounds that the information contained in the educational records is inaccurate, misleading, or in violation of the student’s privacy rights.

If, as a result of the hearing, the school decides that the information is inaccurate, misleading, or otherwise in violation of the student’s privacy rights, it shall amend the record accordingly and inform the parent or eligible student of the amendment in writing. If, as a result of the hearing, the school decides that the information in the educational record is not inaccurate, misleading, or in violation of the student’s privacy rights, it shall inform the parent or eligible student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the school, or both. If the school places an amended statement in the student’s educational records, the school is obligated to maintain the amended statement with the contested part of the record for as long as the record is maintained and disclose the statement whenever it discloses the portion of the record to which the statement relates.

The Right to Consent Prior to Disclosure

Parents or eligible students have the right to consent to disclosures of personally identifiable information (“PII”) contained in the student’s educational records, except to the extent that FERPA authorizes disclosure without consent.

4. State and local educational authorities.

Disclosures under this provision may be made in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf.

Financial Aid

The school may disclose PII contained in the student’s educational records without obtaining prior written consent of the parent or eligible student if the disclosure is in connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid.

State and Local Officials

The school may disclose PII contained in the student’s educational records without obtaining prior written consent of the parent or eligible student if the disclosure is to State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system’s ability to effectively serve, prior to adjudication, the student whose records were released.

Certain Studies

A parent or eligible student may opt out of the release of directory information for either or both of these purposes by submitting a written objection to the school office within 15 school days after receiving this “Annual Notice of Parent and Student Rights (Annual FERPA Confidentiality Notice).”

Records

Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, FERPA requires the school to record the disclosure. Parents or eligible students have a right to inspect and review the record of disclosures.
The Right to File a Complaint

Parents or eligible students have the right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education ("Office") concerning alleged failures by the school to comply with the requirements of FERPA. Washington, D.C. 20202
Phone: 1.800.872.5327

A complaint must contain specific allegations of fact giving reasonable cause to believe that a FERPA violation has occurred. A complaint does not have to allege that a violation is based on the school’s policy or practice.

The Office investigates a timely complaint filed by a parent or eligible student, or conducts its own investigation when no complaint has been filed or a complaint has been withdrawn, to determine whether the school has failed to comply with FERPA. If the Office determines that the school has failed to comply with FERPA, it may also determine whether the failure to comply is based on the school’s policy or practice.

A timely complaint is defined as an allegation of a FERPA violation that is submitted to the Office within 180 days of the date of the alleged violation or of the date that the complainant knew or reasonably should have known of the alleged violation. The Office may extend the time limit for good cause shown.

Access to Medical Records

Parents are entitled to access their student’s medical records.

Computer Resources,
Web Learning Tools, and Network Services Acceptable Use Guidelines

Computer Resources

To prepare students for an increasingly computerized society, the school has made a substantial investment in computer technology for instructional purposes. Use of those resources is restricted to students working under a teacher’s supervision and for approved purposes only. Students with access to school computers and their parents agree to follow the following user agreement regarding use of these resources. Violations of this agreement may result in withdrawal of computer privileges and other disciplinary action. The school is aware that resources which are inappropriate or not designed for use in the educational setting may be accessed on the Internet. To protect students and staff from such inappropriate material, the school’s Internet access is filtered with one of the highest rated Internet filtering systems available. However, users must recognize that it is impossible for the school to restrict access to all controversial material and individuals must be responsible for their own actions in navigating the network.

**Purpose**

The purpose of this policy is to ensure school-level compliance with all procedures and regulations regarding the local area network and Internet usage. All students, parents, teachers, administrators, and school staff who obtain their Internet access through the school are expected to use these services appropriately.

**Vandalism**

Vandalism is prohibited and will result in cancellation of privileges. Vandalism is defined as any malicious attempt to harm, disrupt, or destroy data of another user of the school’s network, or any of the agencies or other networks that are connected to the Internet. This includes, but is not limited to, the uploading or creating of computer viruses. Any of these actions may be viewed as violations of school policy, administrative regulations and, possibly, as criminal activity under applicable state and federal laws. Violations of law may result in criminal prosecution as well as disciplinary action by the school.
Electronic Communication Device Commitment Policy

Electronic communications at school and at school-related functions are subject to regulation by the school. This Electronic Communication Device Commitment policy grants authority and permission to the school to regulate electronic communication devices when these devices are brought to and/or used while on school property or when attending school-related functions and events. Such communication devices include, but are not limited to cell phones, pagers, PDAs, and pocket computers. These regulations are made necessary in light of the unique opportunities these devices create for violations of law, school policies, and to perpetrate conduct disruptive of an educational environment essential to the school’s educational program. These concerns are exacerbated by electronic security protections and the personal size of these devices which are often carried concealed in pockets and purses.

Therefore, all students who would possess or use such devices on school property or at school-related activities, together with their parent, agree to the following:

1. The possession and use of cell phones, pagers, PDAs, and other electronic communication devices by a student on school property or at school-related events is a privilege and not a right.
2. In consideration for the privilege to possess and use such devices on school property and at school-related events, the school is authorized and has the student’s full consent to confiscate, power on or off, manipulate and do all things necessary to search his or her device and recover or intercept communications (including but not limited to text messaging) when reasonable suspicion exists that such device has been used to transmit or receive communications in violation of law, the Student Code of Conduct, school policy, or school regulation.
3. An electronic communication device used or possessed in violation of law, the Student Code of Conduct, school policy, or school regulations is subject to confiscation and may cause the loss of the privilege to possess and use such devices on school property and at school-related events for an indefinite period of time.

Student or Parent Complaints and Concerns

The purpose of this policy is to secure, at the lowest possible administrative level, prompt and equitable resolution of student or parent complaints and/or concerns. Usually, student or parent complaints can be resolved simply by an informal phone call or conference with the teacher or Executive Director who is the subject of the complaint. Generally, should the complaint involve a problem with a teacher, the student or parent is expected to discuss the matter with the teacher before requesting a conference with the Executive Director. For those complaints that cannot be handled informally, the school has adopted the following grievance policy.

Complaints regarding certain topics are addressed by specific policies or other documents that modify this complaint process or require an alternative process.

Definitions

For the purposes of this policy, “days” shall mean calendar days.

For the purposes of this policy, “parent” shall mean a person standing in parental relation, but does not include a person as to whom the parent-child relationship has been terminated or a person not entitled to possession of or access to a child under a court order. Except as provided by federal law, all rights of a parent under Education Code Title 2 and all educational rights under Family Code 151.003(a)(10) shall be exercised by a student who is 18 years of age or older or whose disabilities of minority have been removed for general purposes under Family Code Chapter 31, unless the student has been determined to be incompetent or the student’s rights have been otherwise restricted by a court order.

Level One
A student or parent who has a complaint that could not be resolved informally shall request a conference with the Executive Director by filing the complaint in writing on a form provided by the school. The form must be filed with the school office within seven days of the time the student or parent knew, or should have known, of the event or series of events about which the student or parent is complaining. Copies of any documents that support the complaint should be attached to the complaint form. If the student or parent does not have copies of these documents, they may be presented at the Level One conference. After the Level One conference, no new documents may be submitted unless the student or parent did not know the documents existed before the Level One conference. A complaint form that is incomplete in any material way may be dismissed, but may be re-filed with all the requested information if the re-filing is within the designated time for filing a complaint.

The Executive Director shall hold a conference with the student or parent within seven days of the request. The seven-day timeframe for holding the Level One conference may be extended if mutually agreed to by both the student or parent and the Executive Director. An adult may represent a student at this and any level of the complaint.

The Executive Director shall have seven days following the Level One conference within which to respond. Announcement of a decision in the student’s or parent’s presence shall constitute communication of the decision.

Should the complaint involve a problem with the Executive Director, then the Level One complaint form should be submitted to the Program Director of Academic Expansion at the following address:

Charter School Board:
Grambling High Foundation
Complaint: Level One
P.O. Box 16
Grambling, Louisiana 71245

Level Two

If the outcome of the Level One conference with the Executive Director is not to the student’s or parent’s satisfaction or the time for a response has expired, the student or parent may appeal the Level One decision to the Program Director of Academic Expansion by filing the appeal notice in writing on a form provided by the school.

Note: In the event that the Level One conference was held by the Regional Director or designee, the Level Two conference shall be held by another Regional Director or designee.

The appeal notice must include a copy of the Level One complaint, a copy of the Level One decision being appealed (if applicable), and a copy of any documents presented at the Level One conference.

The appeal notice must be postmarked to the following address within seven days following receipt of a response or, if no response is received, within seven days of the response deadline:

Charter School Board:
Grambling High Foundation
Complaint: Level Two
P.O. Box 16
Grambling, Louisiana 71245

The Regional Director or designee shall hold a conference with the student or parent within seven days of the appeal notice. The seven-day timeframe for holding the Level Two conference may be extended if mutually agreed to by both the student or parent and the Regional Director or designee.

The Regional Director or designee shall have seven days following the Level Two conference within which to respond. Announcement of a decision in the student’s or parent’s presence shall constitute communication of the decision.

Level Three
If the outcome of the Level Two conference with the Program Director of Academic Expansion is not to the student’s or parent’s satisfaction or the time for a response has expired, the student or parent may appeal the Level Two decision to the Vice President of School Activations by filing the appeal notice in writing on a form provided by the school. The appeal notice must include a copy of the Level One complaint, a copy of the Level Two appeal notice, a copy of the Level One and Level Two decisions being appealed (if applicable), and a copy of any documents presented at the Level One and Level Two conferences.

The appeal notice must be postmarked to the following address within seven days following receipt of a response or, if no response is received, within seven days of the response deadline:

Charter School Board:
Grambling High Foundation
Complaint: Level Three
P.O. Box 16
Grambling, Louisiana 71245

Vice President of School Activations or designee shall hold a conference with the student or parent within 14 days of the appeal notice. The 14-day timeframe for holding the Level Three conference may be extended if mutually agreed to by both the student or parent and the Vice President of School Activations or designee. The Level Three conference may be held via telephone or video conference at the discretion of the Vice President of School Activations.

The Vice President of School Activations or designee shall have seven days following the Level Three conference within which to respond. Announcement of a decision in the student’s or parent’s presence shall constitute communication of the decision.

Level Four

If the outcome of the Level Three conference with the Vice President of School Activations is not to the student’s or parent’s satisfaction or the time for a response has expired, the student or parent may appeal the Level Three decision to the Charter School Board by filing the appeal notice in writing on a form provided by the school. The appeal notice must include a copy of the Level One complaint; a copy of the Level Two and Level Three appeal notices; a copy of the Level One, Level Two, and Level Three decisions being appealed (if applicable); and a copy of any documents presented at the Level One, Level Two, and Level Three conferences.

The appeal notice must be postmarked to the following address within seven days following receipt of a response or, if no response is received, within seven days of the response deadline:

Charter School Board:
Grambling High Foundation
Complaint: Level Four
P.O. Box 16
Grambling, Louisiana 71245

The appeal will then be placed on the agenda of a future Board meeting. The Superintendent or designee shall inform the student or parent of the date, time, and place of the meeting.

The Charter School Board is not required to consider documentation not previously submitted or issues not previously presented. The presiding officer may set reasonable time limits. The Board shall hear the complaint and may request a response from the school. The school shall make an audiotape record of the Level Four proceedings before the Charter Board. The Charter Board shall then make and communicate its decision orally or in writing at any time up to and including the next regularly scheduled Board meeting. If for any reason the Charter Board fails to reach a decision regarding the complaint by the end of the next regularly scheduled Board meeting, the lack of a response by the Board upholds the decision at Level Three.

If the complaint involves concerns or charges regarding an employee, it shall be heard by the Board in closed a meeting unless the employee to whom the complaint pertains requests that it be heard in public.

Consolidation of Complaints
When the school determines, in its sole discretion, that two or more individual complaints are sufficiently similar in nature and remedy to permit their resolution through one proceeding, the complaints may be consolidated.

**Modification of Procedures**

The complaint process may be modified or may require an alternative process, so long as the Charter Board retains final authority to hear and decide complaints and concerns brought hereunder.

Dear Parent,

The effective schools research tells us that a safe, orderly, school is essential to student learning. The importance of that kind of an environment has been a long-standing value of this school. That environment promotes a positive school climate and high expectations for both behavior and learning.

This Handbook is published to outline those expectations. We want to assure and protect the rights of all students to a safe, orderly, and educationally efficient environment. If we can free the school from disruptions that result from inappropriate behavior and appearance, we seek to do so. We solicit your support and cooperation in a partnership which provides the best possible learning environment for your student.

This Handbook, including the Student Code of Conduct, has been developed through the cooperative efforts of our school community. It is extremely important that all students are aware of the expectations that the school has for them and that each parent encourages their student to accept and follow the behavioral standards outlined in this Handbook.

SCHOOL COPY
Truancy Policy

Truancy is defined by Title 17, Section 221 of the Louisiana Revised State Law, it states:

ALL CHILDREN BETWEEN THE AGES OF 7 AND 18 (from the 7TH TO THE 18TH BIRTHDAY) MUST ATTEND A PRIVATE OR PUBLIC DAY SCHOOL, UNLESS THE CHILD GRADUATES FROM HIGH SCHOOL PRIOR TO HIS 18TH BIRTHDAY.

ANY CHILD BELOW THE AGE OF 7, WHO LEGALLY ENROLLS IN SCHOOL, SHALL ALSO BE SUBJECT TO THE PROVISION OF THIS SUBPART.

EVERY PARENT RESIDING WITHIN THE STATE OF LOUISIANA MUST ASSURE THE ATTENDANCE OF THEIR CHILDREN IN REGULARLY ASSIGNED CLASSES DURING REGULAR SCHOOL HOURS AS ESTABLISHED BY THE SCHOOL BOARD.

The above penalty for violating the law is not more than $250.00 for each incident your child is determined to be truant.

LPS Truancy Guidelines

1. Intervention: (3 Unexcused Absences) - School documents outreach efforts to parents or guardians.
2. Action: (5 Unexcused Absences) – School sends written notification to parents and/or legal guardians stating that they have 5 unexcused absences. Any unexcused absences after 5 will result in Friday detention Saturday clean up.
3. Referral: (10 or more Unexcused Absences) – School refers student to local truancy officer where the student resides.
4. Discharge: (15 or more Unexcused Absences) – School requests that the student be discharged for non-attendance.

Until a student transfers to another school or is declared truant by a local court, the student will continue to be enrolled in the school. Schools must also refer to local parish policies regarding any additional requirements to report cases for truancy to the Families in Need of Service (FINS) Office or the local District Attorney’s Office.
Lincoln Preparatory School Tardy Policy

Students who are late to class are designated tardy and will be assigned disciplinary consequences if they are tardy, without an acceptable excuse. Egregious tardiness—e.g., arriving to school after attendance has been taken—will be classified as an absence for the purpose of compulsory attendance enforcement if unexcused.

Nearly all tardiness is avoidable and is excusable only in cases of illness or emergency. To get an excused tardy slip, the student’s parent must report to the school office the emergency which caused the delay.

Any student late for school (7:45am) will attend morning detention. At morning detention, students will complete an essay about punctuality, complete trash pick-up at the school, or complete other school-related tasks. Students must report to the middle school for morning detention. Students will not be allowed to go to the cafeteria for breakfast.
